Honorable Mary Taylor
Lt. Governor/Director
State of Ohio
Department of Insurance
50 West Town Street
3rd Floor – Suite 300
Columbus, Ohio 43215

Dear Lt. Governor/Director:

In accordance with Section 3901.07 of the Ohio Revised Code (“ORC”), the Ohio Department of Insurance (“Department”) conducted an examination of;

American Modern Select Insurance Company

an Ohio domiciled, stock, property and casualty insurance company, hereinafter referred to as the "Company." The examination was conducted at the Company's home office, located at 7000 Midland Boulevard, Amelia, Ohio.

Scope of Examination

The Department last examined the Company as of December 31, 2009. The Department’s current examination covers the period from and including January 1, 2010 through December 31, 2014.

Representatives of the Department, as the lead state of the American Modern Insurance Group led the multi-state coordinated examination that included representatives from the States of Florida, Oklahoma and Texas.

The examination was conducted in accordance with the National Association of Insurance Commissioners (“NAIC”) Financial Condition Examiners Handbook (“Handbook.”) The Handbook requires that the Department plan and perform the examination to evaluate the Company’s financial condition, assess corporate governance, identify current and prospective risks of the Company and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer’s surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management’s compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

This examination report includes significant findings of fact, as mentioned in the ORC Section 3901.07 and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination reports but separately communicated to other regulators and/or the Company.
