This page helps you understand the insurance company and policy information contained in our premium charts. Each company reported the premiums for its policies to the Department of Insurance in January 2016. **Please note:** premiums can change at any time. Use these premium charts as a shopping tool, not as current information.

### Using the premium charts

Read the premium charts from left to right to find these details about the company and the policies it offers. Companies may offer various discounts, so be sure to ask if you qualify.

- **Company** — Due to space limitations words like Insurance, Company and Corporation are not used.
- **Phone** — The number to call for new sales.
- **Internet Address** — How to reach the company online.
- **Avg. % Change** – What is the 1-year average change in the company’s premiums for the policies shown over the past 5 years? *Note:* N/A in this column means the company has sold Medicare policies in Ohio less than 5 years.
- **Pre-ex** — The number of months before the policy will pay for your pre-existing conditions, if pre-ex applies to you.
- **Plans A, B, C, etc.** — The monthly premium amount a new customer would pay for a policy. A separate version of Plan F with a \$2,180 deductible (2016) is noted with an \*.
  - **GI** = The policy is Guaranteed Issue; you cannot be turned down for coverage because of poor health.

**Your gender, zip code, age at the time of purchase, attained age, tobacco use, payment method and medical claims are some of the factors that can affect your premium amount for Medicare supplemental insurance.**
