

Annual Report 2007

Ohio

Department of
Insurance

www.ohioinsurance.gov

Letter from Director Mary Jo Hudson

During my first year as Director, my staff and I made a statewide commitment to Ohio insurance consumers, the industry and many other stakeholders that this administration will be open, inclusive, transparent, predictable and efficient. Our goal is to assure consumers are protected in a financially solvent marketplace.

In support of this mission, I signed a formal agreement with Governor Strickland, pledging that the Department will take action, and:

- Protect Ohio consumers and businesses by assuring that Ohio-licensed insurance companies are safe and sound.
- Protect Ohio insurance consumers through intervention, criminal prosecution and administrative action.
- Promote a competitive insurance market in Ohio.
- Develop an Ohio healthcare coverage initiative.
- Protect seniors from predatory insurance sales practices.

We have made great strides over the past year, and acknowledge much work remains to be done. This 2007 report illustrates some of those accomplishments and provides helpful background about the Department's structure and staff. It also includes certain financial information about the entities we regulate.

If you have any questions about the material, please contact us. I also encourage you to search our web site at www.ohioinsurance.gov for more insurance information and to sign up to receive our newsletter, Insurance Insights.

Best Regards,

Mary Jo Hudson

About the Director

Mary Jo Hudson officially took office as the 46th Director of the Ohio Department of Insurance January 8, 2007. She was appointed by Governor Ted Strickland to join his cabinet December 21, 2006.

Director Hudson is familiar with the Ohio insurance industry and regulatory role of the Department. She has practiced law for 18 years, most recently with the Columbus offices of Bailey Cavalieri LLC, focusing on insurance regulation and liquidation law, consumer finance and retail law compliance, unclaimed property planning and reporting, commercial lending, state and federal advertising law, and general corporate matters. From 1989 to 1995, she worked as an attorney with the Department and as General Counsel for the Office of the Ohio Insurance Liquidator.

Appointed to Columbus City Council in 2004 and elected in 2005, Director Hudson served as Chair of the Jobs and Economic Development Committee. She sponsored legislation supporting a strategy for attraction and retention of young talent in Columbus, encouraged regional cooperation for economic growth in Central Ohio, and helped form a coalition to develop and brand the 315 Research + Technology Corridor.

The Ohio Department of Insurance

The Ohio Department of Insurance is responsible for the education and protection of Ohioans who purchase insurance and for oversight of the insurance industry in the state.

The Department is charged under Ohio Revised Code Chapters 39 and 17 with the responsibility of monitoring the financial condition of approximately 1,650 insurance companies, with primary regulatory responsibility for about 260 insurance companies domiciled in Ohio. The Department makes sure that the policy and rate information used by these companies complies with Ohio law, and monitors the sales practices of these companies.

In 2007, insurance companies operating in Ohio wrote more than \$54 billion in insurance premiums, and paid approximately \$447 million in premium taxes to the state's General Revenue Fund. The Department currently licenses and regulates the activities of approximately 250,000 insurance agents and 1,800 agencies doing business in Ohio.

Additionally, the Department provides consumers with assistance in resolving issues and complaints regarding insurance companies and agents, and sponsors numerous educational programs.

Department Areas

Executive

The Executive staff oversees the operations of the entire Department. The Director, Chief of Staff, Chief Regulatory Officer, and Chief Policy Officer work as a team with Policy and Legislation and Communications to serve as the Department's official link among federal, state and local governments, insurance companies and agents, stakeholders, the media and Ohio insurance consumers.

Consumer Affairs

Consumer Affairs consists of Consumer Services and the Ohio Senior Health Insurance Information Program. Consumer Affairs provides direct services to Ohio insurance consumers by answering questions, investigating complaints, organizing and coordinating a statewide counseling service for people on Medicare, and distributing educational material.

Consumer Services

Consumer Services representatives assist Ohio insurance consumers on the phone, through Internet communications, written correspondence, meeting one-on-one and through community outreach activities. Activities include counseling victims at disaster assistance sites, meeting with insurance industry professionals and participating in insurance fairs across the state. Representatives also respond to inquiries regarding a wide variety of insurance matters and investigate insurance complaints against companies and agents.

Ohio Senior Health Insurance Information Program (OSHIIP)

OSHIIP, funded by state funds and a grant from the Centers for Medicaid and Medicare Services (CMS), was founded in 1992 to provide Medicare beneficiaries with free, objective health insurance information and one-on-one counseling. OSHIIP's speaker's bureau, hotline experts and trained volunteers educate consumers about Medicare, Medicare prescription drug coverage (Part D), Medicare Advantage options, Medicaid, Medicare supplement insurance, long-term care insurance and other health insurance matters.

Department of
Insurance

Department Areas

Risk Assessment

Risk Assessment monitors the financial solvency of insurance companies licensed in the state of Ohio. The office reviews financial statements of every company licensed in Ohio and oversees complex transactions that can include billions of dollars in managed assets to ensure that insurance companies have enough money to pay claims filed by consumers.

It closely monitors the financial condition of insurance companies doing business in Ohio by conducting in-house analyses of financial statements and all other supplemental filings made by insurers. Risk Assessment also monitors insurers' statutory and solvency compliance on an ongoing basis and conducts periodic on-site field examinations.

Risk Assessment has five main areas: Domestic Company Analysis, Foreign and Alien Company Analysis, Financial Condition Examination, Licensing and Administration and Market Conduct.

Domestic Company Analysis

Domestic Company Analysis monitors the risk profile, financial condition and operating performance of insurance companies transacting business in Ohio using risk and company ratings processes. The division updates each insurer's risk and company ratings quarterly based on an assessment and evaluation of corporate governance and other qualitative and quantitative measures. Based on each insurer's risk and company ratings, Domestic Company Analysis works to allocate resources and develop a surveillance strategy, including timing and nature of full scope and limited scope examinations. The division is also responsible for reviewing financial transactions such as mergers, acquisitions, re-domestications, dividends, reinsurance agreements and inter-company agreements.

Department of
Insurance

Department Areas

Risk Assessment (conitnued)

Financial Condition Examination

Financial Condition Examination conducts on-site financial examinations of insurance companies that claim Ohio as their home state. Ohio law requires a financial examination be conducted at least once every five years. However, the frequency of examinations is determined based on an insurer's performance and risk management practices. This allows the Department to focus its resources on those companies with the highest degree of regulatory concern.

Foreign and Alien Company Analysis

Foreign and Alien Company Analysis is responsible for determining and implementing the appropriate regulatory course of action for companies with weak performance, inadequate risk management practices, and a higher degree of regulatory concern. The division facilitates communications with certain internal and external stakeholders about regulatory actions taken or planned. Actions include requiring a corrective action plan from companies with a higher risk of failure and monitoring the board's and senior management's implementation of the corrective actions.

Licensing and Administration

Licensing and Administration has varying responsibilities including surveillance technology and automation enhancements, fiscal support and company licensing.

Market Conduct

Market Conduct monitors insurers' compliance with Ohio insurance laws and regulations by examining those companies' business practices such as underwriting, marketing and claims handling. The division is responsible for gathering industry information from a variety of sources, including consumer complaints, company filings, National Association of Insurance Commissioners (NAIC) databases, and analyzing that information to determine which companies need further scrutiny to determine their compliance with Ohio insurance laws.

Department of
Insurance

Department Areas

Product Regulation and Actuarial Services

Product Regulation and Actuarial Services – which includes the Department’s Life, Health and Managed Care, and Property and Casualty areas – reviews the contractual provisions of most insurance policies sold in Ohio to ensure they are in compliance with Ohio and federal laws.

Life, Health and Managed Care

Life, Health and Managed Care reviews provisions of all Ohio-licensed life and health and accident policies. Along with policy and rate review, the office also licenses multiple employer trusts, alliances and health insuring corporations and accredits independent review organizations.

Life, Health and Managed Care verifies that rates are actuarially sound, values the reserve liabilities for domestic life insurance companies, ensures that contracts adhere to state and federal laws and regulations, and provides guidance to the industry and legislature on life and health insurance issues. In addition, it is responsible for licensing and monitoring the activities of all health insuring corporations – HICs, which are primarily HMOs – operating in Ohio. It reviews rates, contracts and certificates of authority, major modifications and other pertinent filings submitted by HMOs.

Department Areas

Product Regulation and Actuarial Services (continued)

Property and Casualty

Property and Casualty is responsible for the review of policy forms, endorsements, and manual rules and rates for products marketed to Ohio consumers by Ohio licensed property and casualty companies.

Products reviewed include commercial lines (e.g. insurance for businesses – auto, general liability, professional liability including medical malpractice, property, crime, fidelity and surety) and personal lines (e.g. insurance for individuals and families – auto and homeowners). It also reviews title insurance, risk purchasing and risk retention group registrations, and notification forms and surplus lines quarterly reports.

Rates, by law, cannot be excessive, inadequate, or unfairly discriminatory and consumers must be able to understand the policy language. Actuarial standards of practice are used to determine whether rates are in compliance.

Department Areas

Fraud, Enforcement and Licensing

Fraud, Enforcement and Licensing detects, prevents, investigates and assists in the prosecution of consumer and provider fraud, and licenses agents and other entities relating to the business of insurance. The office also investigates allegations of agent misconduct.

Fraud

Fraud investigates allegations of insurance fraud and works with local, state, and federal law enforcement agencies and prosecutors toward the goal of criminally prosecuting those who commit insurance fraud. Insurance fraud includes, but is not limited to inflating claims, misrepresenting facts in order to obtain insurance coverage or lower premiums, a doctor padding a health insurance claim, individual submitting false claims, or claims being made after false burglary reports. Insurance companies are required to report suspected fraudulent insurance claims to Fraud.

Enforcement

Every person who sells insurance in Ohio must be licensed and must adhere to the standards of conduct set forth in Ohio law. When an insurance agent's conduct falls below those standards, Enforcement will conduct an investigation. An agent who violates an insurance law may lose his/her license or be subject to a fine and/or other sanctions. If the agent's conduct is criminal in nature, the case is also referred to local or federal prosecutors for potential criminal prosecution.

Department of
Insurance

Department Areas

Fraud, Enforcement and Licensing (continued)

Licensing

Licensing issues licenses to insurance agents, insurance agencies, managing general agents, third-party administrators, reinsurance intermediaries, public insurance adjusters, viatical settlement brokers and surety bail bond agents. Licensing monitors agent compliance with continuing education requirements and also processes insurance company appointments of authorized agents.

Ohio was one of the first states to offer an Internet agent testing and licensing system, which allows applicants to submit applications on-line, complete fingerprinting and background checks electronically and receive a license within a few days.

The agent appointment process must be completed on-line, enabling insurance companies to appoint an agent on the same-day basis. Agents can track their continuing education credits and status through the Department's web site.

Legal Services

Legal Services handles regulatory transactions, administers public hearings on agent and company license and enforcement issues, provides legal assistance to other divisions in the Department and supervises litigation.

Legal Services staff review corporate transactions filed with the Department, including changes of control, mergers, redomestications, demutualizations and the investment activities of domestic insurance companies.

Support services to other Department divisions include drafting proposed statutes, amendments, rules and bulletins; providing legal advice on human resource issues; evaluating contract compliance; formulating departmental policies; administering public hearings; and drafting consent agreements, reports and recommendations, and orders for the Director's approval; and managing the Department's records retention program.

Department Areas

Information and Technology

Information and Technology (IT) assists the Department in achieving its regulatory oversight responsibilities through the application of technology. IT designs, implements and maintains computer programs and applications, and maintains the technology infrastructure that assists the Department in achieving its goals. IT also administers the Department's telecommunications system. In addition, the office produces the Department's user-friendly web site that offers consumers, insurers, and agents online services 24-hours a day.

Human Resources and Fiscal Services

Human Resources and Fiscal Services administers several programs that benefit the health, safety and security of Department employees. Overall administrative services are provided in the areas of security, systems operation and maintenance, and the continual development of the internal auditing control program.

Fiscal

Fiscal operations provides accounting and budgeting services. This division prepares the Department's budget, manages revenue, monitors expenses and payroll, administers grants and workflow for purchases and travel reimbursements and deposits securities. Fiscal is responsible for the Department's inventory control, fleet management and mail operations as well.

Human Resources

Human Resources directs and coordinates all personnel and labor relations activities. The successful performance of these duties attracts, develops and retains quality personnel in a positive work environment that contributes to effective and efficient departmental operations. Activities include recruiting, selecting, hiring and training employees, EEO/AA programs, overseeing payroll processing and benefits for Department employees, administering the collective bargaining agreement, responding to grievances, mediating and arbitrating disputes and developing human resource policy.

Department of
Insurance

Key Department Staff

Amy Andres, Chief of Staff

Amy Andres joined the Department as Chief of Staff in January 2007 to oversee the Department's daily operations, including Communications, Human Resources, Fiscal, Information Technology, Legal Services and Consumers Affairs. Andres has more than a decade of senior level management experience in both private and public sectors, and has worked in the healthcare and technology industries. Prior to her arrival at the Department, Andres served as the Chief Information Officer for the Ohio Department of Education.

Bill Rossbach, Chief Regulatory Officer

Bill Rossbach was named the Department's Chief Regulatory Officer in February 2008. He joined Financial Regulation Services in 1976 and was promoted to Assistant Director in 2003. Rossbach manages a staff that monitors and reviews the financial activity and solvency of Ohio licensed insurance companies. He oversaw the recent National Association of Insurance Commissioners (NAIC) best-ever reaccreditation of the Department's Financial Regulation Services operation. In addition, Rossbach was instrumental in the development of an insurance company financial surveillance model that is being implemented nationwide.

Doug Anderson, Chief Policy Officer

Doug Anderson was named the Department's Chief Policy Officer in February 2008. He is leading efforts to develop reforms to Ohio's health insurance and healthcare system to provide affordable coverage to Ohio's uninsured residents; to improve the cost, quality and efficiency of Ohio's health care system; and to improve the health of all Ohioans. Anderson has been with the Department for more than six years, providing legal and strategic advice on a wide range of insurance and healthcare issues. He previously worked as an attorney at Porter Wright Morris & Arthur in Columbus, where he became a partner.

Department of
Insurance

Key Department Staff

Craig Predieri, Chief Legal Counsel

Craig Predieri joined the Department in February 2004 and served as Assistant Chief of the Legal Division before his recent promotion to Chief Legal Counsel. He advises the Director and key staff on all legal matters pertaining to the Department. Predieri's previous experience includes being an Associate at Thompson Hine, LLP in Columbus, as well as a Senior Underwriting Team Leader at State Farm Insurance Company and a Licensed Insurance Agent at Prudential Insurance.

Guy Ford, Government Relations Assistant Director

Guy Ford serves as the Assistant Director of Government Relations. He plays a key role in crafting the Department's legislative agenda. Ford started his legislative affairs career as a Public Information Officer for the Department, and followed that experience with several lobbying and trade association management positions. He returned to public service in January 2007 to assume his current position at the Department.

Carly Glick, Communications Assistant Director

Carly Glick, who joined the Department as Public Liaison in March 2007, was named Assistant Director of Communications in September 2007. Glick has more than a decade of experience in media relations and communications in both the public and private sectors. She previously served as the Director of Communications at eTech Ohio, where she led the state agency's media and public relations efforts. Prior to joining the State of Ohio in 1999, Glick worked as an Associate Producer at WSYX-TV and as an Overnight Anchor and Assignment Editor at WBNS 10TV in Columbus.

Department of
Insurance

Key Department Staff

Wendi Boggs, Information and Technology Assistant Director

Wendi Boggs joined the Department in April 2007 and became Chief Information Officer in September 2007 with the responsibility for overseeing all aspects of Information Technology and Security. Boggs has more than 15 years of experience in the public sector, working for both federal and state executive staff. Prior to her arrival at the Department, Boggs served as the Project Management Office Director for the Department of Education and worked as a business consultant for several Department of Defense agencies.

Anne Jewel, Policy and Research Assistant Director

Anne Jewel was named the Assistant Director to the Office of Policy and Research in February 2008. She joined the Department in September 2007. Prior to coming to the Department, she was a principal in the regulatory consulting firm of Jewel & Bahnsen, LLC for six years, specializing in health insurance issues. Jewell worked an additional four years with the insurance regulatory firm of Rector & Associates, Inc., focusing on general insurance regulatory consulting with particular emphasis on corporate business transactions. Jewell served previously at the Department from 1988 to 1991. She has also worked as an attorney in private practice at the law firm of Benesch, Friedlander, Coplan and Aronoff and as an attorney in public practice at the Office of the Ohio Attorney General.

Mary Miller, Product Regulation and Actuarial Services Assistant Director

Mary Miller was appointed the Department's Assistant Director of Product Regulation and Actuarial Services in February 2008. She joined the Department in 1996 and has served in Financial Regulation Services, assisting in monitoring the solvency of the domestic property and casualty and health insurers. Prior to joining the Department, Miller worked in the private sector as a commercial lines actuary and underwriter.

Department of
Insurance

Key Department Staff

Michelle Brugh, Fraud, Enforcement and Licensing Assistant Director

Michelle Brugh was named interim Assistant Director of Fraud, Enforcement and Licensing in 2007. She joined the Department in July 2005 as a supervisor in Fraud and Enforcement. Prior to joining the Department, Michelle worked for the Ohio Bureau of Workers' Compensation in their Special Investigations Division. She has more than 12 years experience investigating insurance fraud, and has worked in the insurance industry since 1991.

Craig Saurer, Consumer Affairs Assistant Director

Craig Saurer joined the Department in November of 2007 as Assistant Director of Consumer Affairs. He leads the Consumer Services Division and the Ohio Senior Health Insurance Information Program (OSHIIP). Prior to joining the Department, Saurer worked in the private sector for more than 20 years in the property and casualty insurance industry. He brings more than 14 years of leadership experience to the Department, including supervisor, quality coordinator and call center manager roles.

Fred Lehr, Risk Assessment and Market Conduct Assistant Director

Fred Lehr was named as the Department's Interim Assistant Director of the Office of Risk Assessment and Market Conduct in February 2008. He joined the Department in 2000 and has served as a leader in Financial Regulation Services, managing a staff that monitors the financial activity and solvency of Ohio licensed insurance companies. Prior to joining the Department, Lehr worked in the private sector for more than 30 years, primarily as a Chief Financial Officer in the life and health industry.

Department of
Insurance

Protecting Ohioans: Fighting Predatory Sales Practices, Improper Agent Conduct and Consumer Fraud

Helping Seniors and Agents Avoid Predatory Sales Practices of Medicare Products

In response to an increased number of complaints about sales practices associated with the sale of Medicare Advantage and Part D plans, the Department started an ongoing statewide outreach campaign to educate consumers and insurance agents about how to avoid predatory sales practices.

Department Protecting Seniors Against Certain Predatory Life Insurance Sales Practices

The Department issued a consumer alert advising consumers be cautious when considering a “Stranger/Investor Originated Life Insurance” (STOLI) life settlement arrangement and is supporting legislation that provides greater consumer protection over these transactions. Unlike a traditional policy where the insured’s loved ones are beneficiaries of the death benefits, in a STOLI arrangement, an investor group – strangers – likely will acquire an interest in the life of a participant.

Seniors Alerted to Predatory Annuities Sales Practices

Due to an increase in predatory sales practices associated with the sale of annuities, the Department began alerting seniors about how to avoid becoming a victim. In addition, rules that became effective give the Department more regulatory authority and oversight over the sale of annuity products. Suitability standards were put in place and the new rules clearly provide the industry with an outline of what is considered appropriate annuity sales conduct.

Department of
Insurance

Protecting Ohioans: Fighting Predatory Sales Practices, Improper Agent Conduct and Consumer Fraud

Combating Insurance Agent and Consumer Insurance Fraud

The Department opened 195 consumer insurance fraud cases in 2007. A total of 99 were referred for prosecution. The Department opened 623 agent misconduct cases and took administrative action against 128 of them.

Insurance Rule to Protect Ohio's Military Personnel and Families

A rule became effective that aims at protecting the state's active military personnel and their families from unsuitable life insurance products and sales practices. The rule – adopted in response to the federal Military Personnel Financial Services Protection Act – gives the Department tools to take action against agents who mislead those in the military buying unsuitable life insurance products.

Department Secures Additional Benefits to Settle Race-Based Insurance Claims

The Department reached a settlement with Americo Life, Inc. to secure additional benefits to African-American consumers who were historically sold various types of insurance policies at higher rates than policies sold to whites. The Texas Department of Insurance served as the lead regulatory negotiator for a group of five states – including Ohio – that acted on behalf of all the members of the National Association of Insurance Commissioners (NAIC).

Change Made to Safeguard Agent Continuing Education Procedures

To better protect agent identity, the Department decided to no longer require continuing education providers to collect an agent's social security number starting January 1, 2008. Agents are now required to submit their National Producer Number (NPN) in place of their Social Security number.

Department of
Insurance

Taking Steps to Reform Health Insurance

The Department is playing a crucial role in helping the Governor Strickland administration reach its goal of providing access to quality, affordable health insurance for every Ohio child and to reduce the total number of uninsured Ohioans by 500,000 by 2011. Another priority is to increase the number of small employers that are able to offer coverage to their workers. Various activities are underway to gather information and engage stakeholders and the public in a discussion about developing comprehensive, effective reforms.

The State of Ohio is participating in the Robert Wood Johnson Foundation program called the State Coverage Initiative (SCI) to develop reforms to provide coverage to those who are uninsured. In addition, Governor Strickland's administration has assembled an advisory group with the Ohio General Assembly and key stakeholders to provide reform ideas. The Department is closely involved and is also utilizing economic and actuarial consultants to provide data about how Ohio should cover its uninsured citizens.

Assisting and Educating Ohio Insurance Consumers and Stakeholders

OSHIIP Helps Ohioans, Celebrates 15th Anniversary

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) celebrated 15 successful years of helping Ohioans with Medicare questions. OSHIIP's many volunteers, former employees, legislators and other program partners convened in Columbus for the occasion. In 2007, OSHIIP counseled 52,750 consumers, handled 34,871 phone calls and held or sponsored 370 educational and media events.

Department Saves Ohioans Almost \$11 Million

The Department reported claim denials from insurance companies were the number one complaint of Ohio insurance consumers in 2007. Nearly one-third of the 7,140 consumer complaints received by the Department dealt with the denial of claims by insurance companies. There were 312 more consumer complaints filed in 2007, up from 6,828 complaints in 2006. As a result of complaint reviews, the Department saved Ohio consumers more than \$10.7 million in 2007. The Department's Consumer Affairs operation also received nearly 86,000 phone calls.

Health Care Claim Denial Review Saves Ohioans Nearly \$2.4 Million

Ohio's Patient Protection Act, which allows consumers to appeal health care claim denials to an Independent Review Organization (IRO), saved Ohioans nearly \$2.4 million in 2006. The report, which the Department is mandated to compile and annually publish information regarding the outcomes, was issued in 2007. In 2006, a total of 156 IRO reviews were conducted for numerous types of services, the majority for surgery and hospitalization. The department reviewed a total of 190 contactual cases. The top reason for review was out-of-network issues.

Department of
Insurance

Assisting and Educating Ohio Insurance Consumers and Stakeholders

Medicare Check-up Days Conducted Across Ohio

The Department – through its Ohio Senior Health Insurance Information Program (OSHIIP) – held Medicare Check-Up Day events in each of the state’s 88 counties during Medicare’s annual open enrollment period, Nov. 15 to Dec. 31. OSHIIP representatives provided information on recent Medicare changes, ran comparison reports on various Part D plans and advised seniors how to utilize pension, Veterans Administration or other drug coverage in lieu of Part D coverage.

“Insure U” for Small Business Educational Program Launched

A comprehensive web-based public education program called “Insure U” for Small Business was launched and is available on the Department’s web site at www.ohioinsurance.gov. The program is provided by the National Association of Insurance Commissioners (NAIC) and designed to assist small businesses with information about business risks and insurance options in categories important to small businesses.

Ohio Mental Health Parity Law Applicable, Department Provides Information

The Department created an on-line toolkit at www.ohioinsurance.gov to help consumers and stakeholders understand how health benefit plans are to provide mental health benefits for biologically based mental illness under Senate Bill 116, which enacted the mental health parity legislation. The law provides that individual and group health plans, including individual and group healthcare plans offered by Health Insuring Corporations (HICs), and public and private self-funded health benefit plans must provide benefits for the diagnosis and treatment of biologically based mental illnesses.

Language Translation Service Assists Insurance Consumers in 162 Languages

The Department partnered with Language Line Services to help answer insurance questions from consumers in up to 162 languages. This language tool ensures Department services are accessible to as many Ohioans as possible.

Department of
Insurance

Ensuring a Competitive and Solvent Insurance Industry

Ohio Auto and Homeowners Insurance Rates Decrease, Premiums Among Lowest

Average rates for the state's top 10 auto and homeowners insurers – which represent 72 percent of both markets – decreased 1.2 percent and 0.8 percent, respectively, in 2006. The figures were reported in 2007. Ohio has the 14th lowest auto insurance and 7th lowest homeowners insurance average premiums in the country, according to recent national figures.

Ensuring a Dynamic Workforce and Vibrant Insurance Industry

The Department is serving as a liaison between the Ohio Department of Development and the insurance industry on workforce and economic development matters regarding the state's insurance industry. The Department is looking at ways to maintain, develop and attract a diverse workforce. The Department plans to reach out to the Board of Regents, different government and academic entities, and the industry to address these issues.

Department of
Insurance

Creating Efficiencies to Provide Superior Service

Organizational Changes Streamline Operations

Director Hudson realigned the Department to reduce top-level management and improve communications with stakeholders.

National Insurance Compact Received First Product Filings

An interstate system that offers a faster way for insurance companies to gain approval for certain insurance products and consumers quicker access to insurance products received its first product filings and became operational. The Interstate Insurance Product Regulation Commission (IIPRC) - in which the Department is a member - provides insurance companies with a single venue for filing policy forms and rates for life insurance, long-term care insurance, disability income insurance and annuity products. Insurance companies have the option of filing insurance policies and rates with the Interstate Compact instead of with individual insurance departments.

Deadline Changed for Annual Independent Financial Review of Title Agent Escrow Accounts

A new Ohio insurance law changed the date by which title insurance agents or agencies that handle escrow, settlement, closing, or security deposit accounts are required to have an annual independent financial review completed. The amendment moved the current deadline for delivery of the financial reviews to a date that is out of tax season for CPAs being asked to perform the work. The Department will neither require nor accept independent financial reviews based on any period before the 12-month period ending August 31, 2008. Independent financial reviews for that period will be due no later than December 31, 2008.

Department of
Insurance

Creating Efficiencies to Provide Superior Service

Application Processes Improved for Agents

The application process for resident individuals was revamped. Applicants now apply for an insurance license only after they have successfully passed the state examination. In addition, electronic submission option for resident and non-resident applications became available for individuals and business entities.

Web-based System Implemented to Speed Product and Rate Filing for Companies

The Department implemented the National Association of Insurance Commissioners' (NAIC) System for Electronic Rate and Form Filing (SERFF) as the agency's single, web-based computer system for the electronic submission, imaging and retrieval of form and rate filings resulting in greater efficiencies, reduced turn-around time and improved processing.

Working with Stakeholders to Benefit Ohioans

Long Term Care Partnership to Save Money for Ohio Medicaid Beneficiaries

Ohio's Partnership for Long-Term Care Insurance was created to allow Ohioans to purchase qualified long-term care insurance policies that may allow consumers to become eligible for Medicaid without using all of their personal assets. Individuals will be able to purchase private insurance through the program, prolonging the need for them to enroll in Medicaid. The Ohio Department of Job and Family Services, which oversees the state Medicaid program, developed the partnership in cooperation with the Ohio Department of Insurance and the Ohio Department of Aging.

Insurance Department's "SHIP Mates" Program Adds More Partners

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) added WRH Health System's Wadsworth-Rittman Hospital and Knox Community Hospital to its SHIP Mates Program. SHIP Mates is a two-year old, volunteer-based program to help Medicare patients with their insurance concerns during hospital stays.
