Letter from Director Mary Jo Hudson

In 2010, the Ohio Department of Insurance embarked upon implementing historic changes in health care coverage resulting from the Patient Protection and Affordable Care Act (PPACA), which President Obama signed into law on March 23, 2010.

The changes, which complement the statewide health care reforms implemented by the Strickland Administration in House Bill 1 of the 128th General Assembly in 2009, will help an estimated 900,000 more adult Ohioans obtain health care coverage when the full federal reforms are implemented in 2014. The Department received \$3.1 million from the U.S. Department of Health and Human Services in 2010 to help implement the health care reform measures in the PPACA. The Department also assisted the U.S. Department of Health and Human Services with establishing a \$152 million, federally-funded high-risk pool to provide health insurance coverage to people who have been uninsured for at least six months and have a pre-existing health condition.

Finally, the Department received \$43 million in American Recovery and Reinvestment Act (ARRA) funding to establish the Ohio Health Information Partnership, in collaboration with various health care provider groups, to establish a statewide health information technology network.

In addition to implementation of health care reforms, the Department's dedicated staff continued to work on behalf of all Ohioans towards our goals of:

- Protecting Ohio consumers and businesses by assuring that Ohio-licensed insurance companies are safe and sound;
- Protecting Ohio insurance consumers through intervention, criminal prosecution and administrative action;
- Promoting a competitive insurance market in Ohio; and
- Protecting seniors from predatory insurance sales practices.

We have much more information to share with you about our work in these areas in the 2010 annual report. If you have any questions about the material, please contact us. Also, feel free to visit the Department's website for more news and information, provided through our news releases, insurance toolkits, tip sheets and more at www.insurance.ohio.gov.

Best wishes,

Mary Jo Hudson

About the Director

An accomplished public servant, attorney and community leader, Mary Jo Hudson officially took office as the 46th Director of the Ohio Department of Insurance on January 8, 2007. She was appointed by Governor Ted Strickland to join his cabinet on December 21, 2006.

Under Director Hudson's leadership, the Department has made great strides to protect insurance consumers and promote a healthy insurance market. The Department has increased its efforts to empower Ohio's seniors to protect themselves and has fostered collaboration among its internal divisions and with other state agencies to combat predatory insurance sales practices that are directed toward Ohio senior citizens.

Director Hudson led Governor Strickland's efforts to reduce the number of uninsured Ohioans by 2011. The Department led a comprehensive approach to covering Ohio's uninsured residents, bringing together a broad-based coalition of stakeholders and interested parties. With the group's recommendations Ohio's budget bill, H.B. 1 of the 128th General Assembly, will now enable approximately 109,000 more Ohioans to access to health insurance and allow for improvements in the quality and cost effectiveness of Ohio's healthcare system.

Ohio is a member of the Interstate Insurance Product Regulation Compact ("Compact"), which, enables an insurer to file a single asset-based product (life, annuities, long-term care, disability insurance) that, when approved, can be sold in all 36 member states. Director Hudson currently serves as the chair of the Interstate Compact's Management Committee, and has led Ohio's efforts to work with other states to develop common product standards, which will make the insurance marketplace much more efficient.

Ohio is also an active participant in the National Association of Insurance Commissioners, where Director Hudson has been a staunch advocate for state-based regulation and is a member of the Executive Committee. Director Hudson serves as a member of the Market Conduct/Market Analysis (D) Committee, the Financial Examinations (E) Committee, the Financial Accreditation (F) Committee, the Solvency Modernization Initiative (EX) Task Force, and the Market Conduct/Market Analysis (EX) Task Force. Director Hudson also serves as Chair of the Board for the System of Electronic Rate and Form Filings (SERFF), and is the Secretary/Treasurer of the Midwest Zone.

Prior to her appointment as Director of the Department of Insurance, Director Hudson served on Columbus City Council from 2004 to 2006.

About the Department

The Ohio Department of Insurance is one of the state's largest consumer protection agencies and is responsible for the education and protection of Ohioans who purchase insurance and for oversight of the insurance industry in the state. The Department is charged under Ohio Revised Code Chapters 39 and 17 with the responsibility of monitoring the financial condition of insurance companies licensed to do business in the state. The Department assures that the policy and rate information used by these companies complies with Ohio law, and monitors the sales practices of these companies.

Insurance companies operating in Ohio write around \$50 billion in insurance premiums annually and are assessed approximately \$40 million in premium taxes, which is credited to the state's General Revenue Fund. The Department, as of Nov. 1, 2010, licensed and regulated the activities of approximately 1,653 insurance companies, 250 of them domiciled in Ohio; 286,461 agents and 20,448 agencies. Additionally, the Department provides consumers with assistance in resolving issues and complaints regarding insurance companies and agents, and sponsors numerous educational programs.

Department Areas

Executive Division

The Executive Division oversees the operations of the entire Department. The Director, Chief of Staff, Chief Regulatory Officer, and Chief Policy Officer work as a team with Policy and Legislation and Communications/OSHIIP to serve as the Department's official link among federal, state and local governments, insurance companies and agents, stakeholders, the media and Ohio insurance consumers.

Consumer Affairs Division

The Consumer Affairs Division consists of Consumer Services and the Ohio Senior Health Insurance Information Program (OSHIIP). The Consumer Affairs Division provides direct services to Ohio insurance consumers by answering questions, investigating complaints, organizing and coordinating a statewide counseling service for people on Medicare, and distributing educational material.

Consumer Services Unit

The Consumer Services Unit representatives assist Ohio insurance consumers on the phone, through Internet communications, written correspondence, meeting one-on-one and with community outreach activities. Activities include counseling victims at disaster assistance sites, meeting with insurance industry professionals and participating in insurance fairs across the state. Representatives also respond to inquiries regarding a wide variety of insurance matters.

Ohio Senior Health Insurance Information Program (OSHIIP) Unit

OSHIIP, funded primarily by a grant from the Centers for Medicaid and Medicare Services (CMS), was founded in 1992 and continues to provide Medicare beneficiaries with free, objective health insurance information and one-on-one counseling. OSHIIP's speaker's bureau, hotline experts, outreach efforts through Medicare Check-up Days, Welcome to Medicare and SHIP Mates events, and trained volunteers educate consumers about Medicare, Medicare prescription drug coverage (Part D), Medicare Advantage options, Medicaid, Medicare supplement insurance, long-term care insurance and other health insurance matters.

Department Areas

Product Regulation and Actuarial Services Division

Product Regulation and Actuarial Services – which includes the Department’s Life, Health and Managed Care, Property and Casualty and Actuarial Services Units – reviews the contractual provisions and rating plans of most insurance policies sold in Ohio to ensure they are in compliance with Ohio and federal laws.

Life, Health and Managed Care Unit

The Life, Health and Managed Care Unit is charged by statute to review the contractual provisions of all life, annuity, health and accident policy forms marketed to Ohio residents, including managed care health insuring corporations (HMO) form filings and solicitations. Professionals in this unit ensure that both group and individual policy forms are in compliance with Ohio law and regulations, reviewing nearly 5,000 forms annually. Additionally, they are responsible for the review and licensure of Health Care Alliances, and the review and accreditation of Internal Review Organizations. This unit provides guidance to other Department divisions, the insurance industry and the legislature on relative issues, and participates in a variety of national working group forums to develop standard insurance regulatory best practices.

Property and Casualty Unit

The Property and Casualty Unit is responsible for the review of policy forms, endorsements, and manual rules for products marketed to Ohio consumers by Ohio licensed property and casualty insurance companies. The professionals in this unit review product forms and manual rules to ensure that policies issued are in compliance with Ohio law, reviewing nearly 5,000 filing submissions annually. Products reviewed include commercial lines (e.g. insurance for businesses – auto, general liability, personal lines (homeowners, automobile and similar products for individuals and families), and professional liability (including medical professional liability, property, crime, fidelity and surety). This unit also reviews title insurance products, risk purchasing and risk retention group registrations, and surplus lines reports. This unit provides guidance to other Department divisions, the insurance industry and the legislature on relative issues, and participates in a variety of national working group forums to develop standard insurance regulatory best practices.

Department Areas

Actuarial Services Unit

Ohio is fortunate to have a talented and well-qualified staff of board-certified actuaries, including three actuarial fellows and two actuarial associates on the Actuarial Services Unit. This unit annually reviews more than 2,500 rate filings for compliance with Ohio regulations, reviews actuarial opinions on reserve adequacy, and assists the Risk Assessment Division in the examination and surveillance of the financial condition of Ohio domestic companies. Premium rates are reviewed to confirm that rates charged are commensurate with policy benefits and are fair and equitable. Rates, by law, cannot be excessive, inadequate, or unfairly discriminatory. Actuarial standards of practice are used to determine whether rates are in compliance as well as whether reserves are adequate and reasonable. Actuarial Services also assists and advises other state agencies on actuarial issues and participates in a variety of National Association of Insurance Commissioners (NAIC) committees, task forces, and working groups.

Risk Assessment Division

The Risk Assessment Division monitors the financial solvency and market conduct of insurance companies licensed in the state of Ohio. The professionals in this division review financial statements of every company licensed in Ohio and complex transactions to ensure that insurance companies are safe and sound. The division closely monitors the financial condition of insurance companies doing business in Ohio by conducting in-house analyses of financial statements and all other supplemental filings made by insurers. They also monitor insurers' statutory and solvency compliance on an ongoing basis and conduct periodic on-site field examinations. They conduct further analysis on sales market activity and monitor complaint trends to assure that insurance companies transacting business in Ohio are selling their products and adjusting and paying claims appropriately.

The Risk Assessment Division has five main areas: Domestic Company Analysis, Foreign and Alien Company Analysis, Financial Condition Examination, Licensing and Administration and Market Conduct.

Department Areas

Domestic Company Analysis Unit

The Domestic Company Analysis Unit monitors the risk profile, financial condition and operating results of Ohio-domiciled insurance companies using a well-developed risk and company ratings process. At least once per quarter, this unit updates each insurer's risk and company ratings based on an assessment and evaluation of financial performance and corporate governance, as well as other qualitative and quantitative measures. The Domestic Company Analysis Unit uses these risk and company ratings to allocate resources and to develop a specific surveillance strategy for each insurer, including determining the frequency and scope of required regulatory examinations. This unit is also responsible for reviewing financial transactions such as mergers, acquisitions, re-domestications, dividends, reinsurance agreements and inter-company agreements.

Financial Condition Examination Unit

The Financial Condition Examination Unit conducts on-site financial examinations of insurance companies that are domiciled in Ohio. Ohio law requires a financial examination be conducted on licensed companies at least once every five years. However, the Financial Condition Examination Unit's risk based analysis determines the frequency of examinations based on an insurer's performance and risk management practices. This analysis allows the Department to focus its resources on those companies with the highest degree of regulatory concern.

Foreign and Alien Company Analysis Unit

The Foreign and Alien Company Analysis Unit is responsible for determining and implementing the appropriate regulatory course of action for companies with weak performance, inadequate risk management practices, and a higher degree of regulatory concern. The professionals in this unit facilitate communications with certain internal and external stakeholders about regulatory actions taken or planned, including requiring a corrective action plan from companies with a higher risk of failure and monitoring the board's and senior management's implementation of the corrective actions.

Department Areas

Licensing and Administration Unit

The Licensing and Administration Unit has varying responsibilities including surveillance technology and automation enhancements, fiscal support and company licensing. This unit also calculates and certifies domestic insurers' premium and franchise tax, foreign insurers' premium tax, retaliatory tax and fire marshal tax owed to the state.

Market Conduct Unit

The Market Conduct Unit monitors insurers' compliance with Ohio insurance laws and regulations by examining companies' business practices, such as underwriting, marketing and claims handling. The professionals in this unit are responsible for gathering industry information from a variety of sources, including consumer complaints, company filings, National Association of Insurance Commissioners (NAIC) databases, and analyzing that information to determine which companies need further scrutiny to determine their compliance with Ohio law.

The Fraud, Enforcement and Licensing Division

The Fraud, Enforcement and Licensing Division oversees the licensing of insurance producers and business entities. The Division also investigates allegations of agent and agency misconduct and insurance fraud.

Fraud Unit

The Fraud Unit is a criminal justice agency that investigates suspected cases of insurance fraud. Insurance fraud, which is defined as the intentional filing of a false or deceptive claim, can include a policyholder filing a false claim with a carrier, a policyholder or claimant misrepresenting the facts and/or circumstances surrounding their claim in order to receive insurance proceeds, an individual submitting inflated or fictitious receipts, an insurance agent submitting a forged application or a medical provider billing an insurance carrier for services they did not provide. As a criminal justice agency, Fraud Unit personnel often work with federal, state and local law enforcement agencies. Staff refer cases to local and federal prosecutors for consideration, and testify in criminal proceedings.

Department Areas

Enforcement Unit

Every person who sells insurance in Ohio must be licensed and must adhere to the standards of conduct set forth in Ohio law. The Enforcement Unit is responsible for investigating allegations of unlicensed activity and alleged agent misconduct. If evidence obtained by the Enforcement Unit confirms an agent violated an Ohio insurance law, the agent may face administrative action being taken against their license, and may be subject to a fine, a suspension, or revocation. If an agent's conduct is criminal in nature, the case may also be referred to a prosecutor for potential criminal prosecution.

Licensing Unit

The Licensing Unit issues licenses to insurance agents, insurance agencies, managing general agents, third-party administrators, reinsurance intermediaries, public insurance adjusters, viatical settlement brokers, title agents, title agencies and surety bail bond agents. As insurance agents and agencies are appointed by carriers to sell insurance, the Licensing Unit is responsible for processing agent appointments and appointment renewals. The professionals in this unit also monitor agents to ensure they meet Ohio's continuing education requirements. Ohio was one of the first states to offer an Internet agent testing and licensing system, and continues to work on uniformity with other states and ease of administration for agents. The system allows applicants to submit applications and fingerprints electronically, so they may receive their license within a few days.

Department Areas

The Legal Services Division

The Legal Services Division handles regulatory transactions, administers public hearings on agent and company license and enforcement issues, provides legal assistance to other divisions in the Department and supervises litigation. Legal Services professionals also review corporate transactions filed with the Department, including changes of control, mergers, redomestications, demutualizations and the investment activities of domestic insurance companies. The Legal Services Division provides support services to other Department divisions include drafting proposed statutes, amendments, rules and bulletins; providing legal advice on human resource issues; evaluating contract compliance; formulating departmental policies; administering public hearings; drafting consent agreements, reports and recommendations, and orders for the Director's approval; and overseeing the Department's records retention program.

Information Technology and Security

The Information and Technology Division assists the Department in achieving its regulatory oversight responsibilities through business process reengineering and technology implementations. The division analyzes enterprise and division specific business processes and subsequently designs, implements and provides managed services for technologies, including: computer programs, web-based applications and Department network and data infrastructures. The division provides and supports an enterprise platform for telecommunications and a user-friendly website that offers consumers, insurers and agents online services 24-hours a day. Additionally, the division ensures the Department's operations and data are secure through Department-wide security training and policy compliance programs. Public record requests and the Department's records management program are managed by OITS. In addition, physical security, facilities management, and Ohio Administrative Code rule filings, procedures and five-year review processes are managed by OITS.

Department Areas

The Human Resources and Fiscal Services Division

The Human Resources and Fiscal Services Division administers several programs that benefit the health, safety and security of Department employees. Overall administrative services are provided in the areas of security, systems operation and maintenance, and the continual development of the internal auditing control program.

Fiscal Unit

The Fiscal Unit operations provide accounting and budgeting services to the Department. The professionals in this unit prepare the Department's budget, manage revenue, monitor expenses and payroll, administer grants and workflow for purchases and travel reimbursements and deposit securities. They are also responsible for the Department's inventory control, fleet management and mail operations.

Human Resources Unit

The Human Resources Unit directs and coordinates all personnel and labor relations activities, so that the Department can attract, develop and retain quality personnel in a positive work environment that contributes to effective and efficient departmental operations. Activities of this unit include recruiting, selecting, hiring and training employees, EEO/AA programs, overseeing payroll processing and benefits for Department employees, administering the collective bargaining agreement, responding to grievances, mediating and arbitrating disputes, and developing human resource policy.

Key Department Staff

Amy Andres, Chief of Staff

Amy Andres joined the Department as Chief of Staff in January 2007 to oversee daily operations, including Communications, Human Resources, Fiscal, Information Technology, Legal Services and Consumers Affairs.

Andres also currently serves as Chairperson of the Board for the Ohio Health Information Partnership (OHIP), a public-private, non-profit corporation designated to implement Ohio's Health Information Exchange and to support adoption and meaningful use of electronic health records. She is also the Health Information Technology Officer for the State of Ohio, providing strategic direction and coordinating health information technology Initiatives throughout Ohio's state government.

Andres has more than a decade of senior level management experience in the private and public sectors, and has worked in the health care and technology industries. Before entering public service, she successfully led business units for CVS-Procare, Allscripts and Sarcom. Prior to her arrival at the Department of Insurance, Andres served as the Chief Information Officer for the Ohio Department of Education.

Bill Rossbach, Chief Regulatory Officer

Bill Rossbach was named the Department's Chief Regulatory Officer in February 2008. He joined the Financial Regulation staff in 1976 and was promoted to Assistant Director in 2003. Rossbach manages the Risk Assessment Division; the Product Regulation and Actuarial Services Division; the Fraud, Enforcement and Licensing Division; and Consumer Affairs Division.

Key Department Staff

Doug Anderson, Chief Policy Officer

Doug Anderson was named the Department's Chief Policy Officer in February 2008 to oversee the agency's policy, legislation and government affairs activities. Anderson's work focuses on modernizing state and federal insurance laws, establishing sound financial and regulatory practices, and improving Ohio's insurance markets. He also oversees initiatives to expand access to health insurance coverage and improve the cost and quality of the health care system.

Anderson has been with the Department since 2001, providing legal and strategic advice on a wide range of business, insurance and health care related issues. He previously worked as an attorney with the law firm of Porter Wright Morris & Arthur in Columbus, where he became a partner.

Anderson graduated from the University of Michigan with a degree in economics and from The Ohio State University College of Law with a Juris Doctorate. He is licensed to practice law in state and federal courts in Ohio.

Carly Glick, Communications Assistant Director

Carly Glick, who joined the Department as Public Liaison in March 2007, was named Assistant Director over Communications and OSHIIP a few months later. Glick has more than a decade of experience in media relations and communications in both the public and private sectors. She previously served as the Director of Communications at eTech Ohio, where she led the state agency's media and public relations efforts. Prior to joining the State of Ohio in 1999, Glick worked in Columbus as an Associate Producer at WSYX6-TV and as an Overnight Anchor and Assignment Editor at WBNS-10TV.

Key Department Staff

Eric James, Information and Technology Assistant Director

Eric James joined the Department in October 2007 as an Executive Project Manager and was soon elevated to Assistant Director of Information and Technology. Before joining the Department, James worked at the Ohio Department of Education as Assistant Chief Information Officer. During his tenure there, James developed strategies for technology priorities and oversaw projects while working closely with outside customers and stakeholders. He graduated from the Fisher College of Business at The Ohio State University with a Bachelor of Science in Business Administration, majoring in Information Systems.

Anne Jewel, Policy and Research Assistant Director

Anne Jewel was named the Assistant Director to the Office of Policy and Research in February 2008. Prior to coming to the Department, she was a principal in the regulatory consulting firm Jewel & Bahnsen, LLC, specializing in health insurance issues. Jewel also worked with the insurance regulatory firm Rector & Associates, Inc., focusing on general consulting with particular emphasis on corporate business transactions. She served previously at the Department from 1988 to 1991. Jewel has also worked as an attorney in private practice at the law firm of Benesch, Friedlander, Coplan and Aronoff and as an attorney in public practice at the Office of the Ohio Attorney General.

Mary Miller, Product Regulation and Actuarial Services Assistant Director

Mary Miller was appointed the Department's Assistant Director of Product Regulation and Actuarial Services in February 2008. She joined the Department in 1996 to assist in monitoring the solvency of the domestic property and casualty insurers, and health insurers. Miller has served as Casualty Vice-President of the American Academy of Actuaries (AAA) and the board of Directors of the Casualty Actuarial Society. She currently serves on the Board of Directors of the American Academy of Actuaries. She is Vice-Chair of the NAIC Casualty Actuarial and Statistical Task Force and is a member and former chair of the AAA Financial Soundness and Risk Management Committee. Prior to joining the Department, Miller worked in the private sector as a commercial lines actuary and underwriter.

Key Department Staff

Michelle Brugh, Fraud, Enforcement and Licensing Assistant Director

Michelle Brugh joined the Department in July 2005 as a Fraud and Enforcement Supervisor and was named Assistant Director of Fraud, Enforcement and Licensing in December 2007. Before joining the agency, she worked for the Ohio Bureau of Workers' Compensation in their Special Investigations Division. Brugh has worked in the insurance industry since 1990 and has more than 15 years of experience investigating insurance fraud. She has a B.S. in Business Administration from the University of Dayton and is a former insurance agent. Brugh is actively involved with a number of NAIC workgroups and currently serves as Chairman of the Anti-Fraud Task Force Seminar and Training Committee.

Jana Jarrett, Consumer Affairs Interim Assistant Director

Jana Jarrett was named Interim Assistant Director of Consumer Affairs in April 2010. She joined the Department in 2001 as an Insurance Complaint Analyst with the Consumer Affairs Division where she served for five years before moving into the Enforcement Division. In that capacity, Jana held the position of Insurance Investigative Officer prior to taking on the role of Investigations Supervisor in 2008. She worked in the insurance industry for five years before coming to the Department.

Melissa Wheeler, Government Affairs Assistant Director

Melissa Wheeler joined the Department in August 2009 as the Assistant Director of the Department's Government Affairs Division. Prior to joining the Department, she served as Legislative Liaison for the Ohio Department of Alcohol and Drug Addiction services for more than two years. Wheeler, an Aide to former State Senator Kimberly Zurz, began her legislative career as a Legislative Service Commission Fellow with the Ohio Senate. She is a 2001 graduate of Ohio Northern University.

Health Care Reform

Ohio Makes Significant State and Federal Health Care Reform Strides

The Ohio Department of Insurance continued to carry out Governor Strickland's goal to decrease the number of Ohioans without health insurance and enable more small businesses to provide coverage to their employees. The Department put forth an unprecedented effort to implement the state reforms contained in HB 1 of the 128th General Assembly, as enacted in 2009, and federal reforms mandated by the March 23 enactment of the Patient Protection and Affordable Care Act (PPACA). The legislation constituted the largest overhaul of health insurance and health care in the country in half a century. The Department followed an inclusive and transparent process incorporating and educating Ohio insurance consumers, industry representatives, employers and other stakeholder organizations about the reforms through multiple statewide public forums, educational materials and websites, and media engagement.

Ensuring Policies Contain New Consumer Benefits

The Department worked tirelessly with the industry to ensure all insurance policies contain the new benefits mandated under the federal health care reform law. These benefits require insurers to provide free preventative care, no longer rescind coverage if a consumer makes an application error, eliminate lifetime limits on coverage, adhere to more restrictive annual limits, not deny coverage to children under the age of 19 with pre-existing conditions, make coverage available to older adult dependents up to the age of 28 in Ohio, and provide certain tax breaks to employers who provide health insurance to employees and early retirees.

Health Care Reform

Department Awarded Millions in Federal Grants to Transform Health Insurance; Rate Review and Consumer Protection Key Focuses

The Department was awarded a \$1 million federal Insurance Premiums Review Grant in August to enhance and expand the Department's current rate review process. It will also involve the hiring of more full-time and contractual actuaries, and the purchase of software for trend analysis. The Department was notified in late September that it was awarded \$1 million to fund the planning process for Ohio's Health Benefit Exchange. The Department and a diverse group of stakeholders will decide how to implement and operate an exchange that meets the state's goals and objectives. In October, the Department was awarded a \$1.1 million federal Consumer Assistance Program Grant to increase the Department's capabilities to help more consumers enroll in health coverage, help consumers file complaints and appeals against health plans, educate consumers about their rights and empower them to take action, and track consumer complaints to help identify problems and strengthen enforcement. The grant application was submitted in partnership with the Ohio Association of Second Harvest Food Banks, UHCAN Ohio, Family Voices, and the Ohio Association of County Behavioral Health Authorities.

Dependent Coverage for Older Adult Children Increased to 28

Certain older-age children in Ohio can now remain on their parents' health insurance plans up to the age of 28. The federal law reform applies to older children up to age 26 and state law applies to children between the ages of 26 and 28. The Department and the Ohio Association of Health Plans partnered in a public awareness campaign geared to the Young and Invincibles and their parents about these changes.

Health Care Reform

Department Selects Medical Mutual of Ohio to Run Ohio High Risk Pool

After a transparent, competitive-bidding process, the Department selected Cleveland-based Medical Mutual of Ohio to provide federally-funded health insurance coverage to people who have been uninsured for at least six months and have a pre-existing health condition. The high-risk pool is a temporary program until the permanent insurance marketplaces called “exchanges” are set up and require insurers to accept all applicants, even those with health problems, in 2014.

Individual Open Enrollment Rate Caps Take Effect

State reform efforts now limit how much insurers can charge people with diabetes, cancer and other pre-existing or chronic conditions who purchase individual health policies through open enrollment. Following a phased-in approach, the cap is expected to eventually be 1 1/2 times the lowest rate charged to a person of similar age and gender. This change is eventually expected to reduce open enrollment premiums by at least 50 percent. The cap applies only to the open enrollment coverage purchased in the individual health-insurance market, including non-employer groups, but does not apply to employer group plans.

Mini-COBRA Health Insurance Program Extended to Help Small Business Employees

Also referred to as Ohio’s “mini-COBRA” program, state continuation coverage was permanently extended from 6 to 12 months and again temporarily extended to 15 months so that employees of small businesses (less than 20 employees) who lose their jobs can maintain health insurance coverage for themselves and their families at their own cost. The permanent extension to 12 months became effective for policies and contracts issued, delivered or renewed on or after April 1, 2009. The temporary extension to 15 months became effective for policies and contracts issued, delivered or renewed on or after February 25, 2010. It ended on May 31, 2010 with the end of the federal COBRA premium subsidy program.

Health Care Reform

Tax Credit Now Available for Small Businesses Providing Health Insurance

The Department worked to inform and answer any questions Ohio small business owners had with a new tax credit now available for companies with 25 employees or less who have average annual wages of \$50,000 or less to make employee coverage more affordable. Federal tax credits of up to 35 percent of premiums will be available to businesses, if the employer pays at least 50 percent of the premium. A business is eligible for full credit when the average wages are \$25,000 or less with 10 or fewer employees. Starting in 2014 through 2016, the small business tax credits will cover 50 percent of premiums if the employer pays at least 50 percent of the premium cost.

Program Implemented to Help Employers Provide Health Insurance to Early Retirees

The Department also reached out to employers about a new federal program that benefits early retirees between the ages of 55 and 64 – prior to their eligibility for Medicare. Employers can be reimbursed up to 80 percent of claims costs for health benefits between \$15,000 and \$90,000.

Medical Loss Ratios Model Regulation Require Insurers Put More Money into Health Care

The National Association of Insurance Commissioners (NAIC), of which the Ohio Department of Insurance is a member, unanimously approved a model regulation requiring insurance companies spend at least 80 percent of premiums dollars on medical care. Known as a medical loss ratio, this is the amount of a premium dollar spent on health care, as opposed to other costs incurred from such things as administering a company, marketing and profit.

Insurance Department Hosts Health Care Fraud Summit

The Ohio Department of Insurance hosted a health care fraud summit in May recognizing that the recent passage of the Patient Protection and Affordable Care Act (PPACA) could potentially lead to an increase in health care fraud being committed by medical providers. Government and industry officials and members of the law enforcement community discussed strengthening alliances to prevent, detect, investigate and prosecute those committing health care fraud in Ohio, Legislative initiatives impacting the health care community and the Department's role in fighting health care fraud were also on the agenda.

Department and Ohio Association of Free Clinics Hold Cover the Uninsured Week Outreach Events

The Ohio Department of Insurance and the Ohio Association of Free Clinics partnered during National Cover the Uninsured Week (March 14-20) to hold statewide outreach events in Youngstown, Cleveland, Cincinnati and Dayton aimed at creating awareness about the reforms being made to the private health insurance marketplace and the important services Free Clinics can provide those without insurance in need of healthcare.

HCCQC and Ohio Hospital Association Partner to Reduce Costly Hospital Readmissions

The Ohio Health Care Coverage and Quality Council (HCCQC) and the Ohio Hospital Association (OHA) joined forces with the State Action on Avoidable Rehospitalizations (STAAR) Initiative in Ohio, aimed at reducing costly avoidable hospital readmissions by improving patient care and the transition from hospital care to home. The STAAR initiative fulfills the HCCQC's goal of using partnerships to identify and implement strategies to improve the health care delivery system. A total of 19 hospitals across the state were selected by a team of HCCQC members, state agency leaders and the Ohio Hospital Association's (OHA) Quality Institute to participate in the pilot project, which runs from September 2010 to June 2011. After the pilot, STAAR will be expanded to hospitals statewide. The Institute for Healthcare Improvement (IHI) will provide training and technical assistance to the hospitals.

HCCQC Advances Medical Homes/Enhanced Primary Care Initiative

The Ohio Health Care Coverage and Quality Council (HCCQC) provided support to advance existing Advanced Medical Home/Enhanced Primary Care Initiatives in Cincinnati, Columbus and Cleveland. The council also assisted with the development of emerging projects identified in four other areas consistent with those named under Am. Sub. H.B. 198 (128th General Assembly) related to medical homes education and created a primary care home model that can be adopted across the state and adapted to local circumstances. It also identified and recommended actions and tools to integrate behavioral health in the primary care home, recommended an evaluation structure and measurements for use across projects and worked to engage Medicaid participation. A medical home is an enhanced model of primary care in which care teams attend to the multi-faceted needs of patients, providing whole person comprehensive and coordinated patient-centered care.

HCCQC Convenes Payment Reform Summit

An Ohio Health Care Coverage and Quality Council (HCCQC) Summit brought together health system payers (public/private), providers, employers and consumers for a day-long discussion of health care payment reform. Through regional work groups, participants considered payment reform strategies to improve quality and cost, identify challenges, and assist in designing a process for payment reform. More specifically, the Summit focused on ways to reform payment to encourage the effective use of patient-centered primary care homes and services, improve the coordination of care, and avoid preventable utilization of more intensive services. The Summit produced information subsequently reviewed by the Payment Reform Task Force at a public meeting, with Task Force comments and recommendations to be incorporated into an action-oriented report. This report, anticipated for completion by the December 31, 2010, will be presented to the full Council for further action.

Ohio Health Benefits Exchange Development Discussions Underway

The federal healthcare reform bill provides that each state may elect to establish a health insurance exchange that would facilitate the purchase of qualified health plans and provide for the establishment of a small business health options program designed to assist qualified employers in facilitating the enrollment of their employees in qualified health plans. The Exchange must be operational by 2014. Ohio received a \$1 million grant in September 2010 from the federal government to lay the groundwork for a state exchange. The law requires that exchanges be developed and operated with stakeholder input. Thus, the Department created a bipartisan Health Benefits Exchange Task Force as a subcommittee of the HCCQC, comprised of stakeholders involved in Ohio's health care and coverage system. The task force held four meetings, including a two day retreat, to discuss whether and how Ohio should establish an exchange.

Development of Ohio Health Information Partnership and Electronic Health Records Network

In 2009, Governor Strickland designated the non-profit Ohio Health Information Partnership (OHIP) as the entity to lead the implementation and support of health information technology throughout Ohio. Chaired by the Department, with leadership from Ohio's medical provider, payer and consumer communities, and using a combination of state and federal funds, OHIP continued the push in 2010 to support the adoption and use of electronic medical records by Ohio's health care providers. The partnership is charged with implementing and overseeing a statewide health information exchange that will improve access to data and patient information by authorized health care providers while ensuring patient privacy. The partnership also will collaborate with industry experts to provide educational, technical, and procurement services to health care providers who need to implement electronic medical records. OHIP is committed to assisting 6,000 physicians and other health care providers adopt and meaningfully use a certified electronic health records system by 2012.

Insurance Director Meets with President Obama, Cabinet Leaders

Ohio Department of Insurance Director Mary Jo Hudson, along with 33 other members of the National Association of Insurance Commissioners (NAIC) met with President Obama in September to discuss implementation of the Patient Protection and Affordable Care Act (PPACA). The meeting also included Secretary of Health and Human Services Kathleen Sebelius and Secretary of Labor Hilda Solis as well as top Administration advisors from the White House, including Stephanie Cutter, Assistant to the President for Special Projects and Nancy-Ann DeParle, Counselor to the President and Director of the Office of Health Reform. During the meeting, the President stressed the need for consumers to have adequate information on changes as they occur. He acknowledged the important role of state regulators in implementing reform and educating the public.

Insurance Department Issues Record Number of Consumer Tip Advisories

The Ohio Department of Insurance issued more than 50 consumer tip advisories to the public in 2010. Some of the topics that the advisories were dedicated to included snowmobile coverage, preventing health care fraud, information consumers need in the event they are in a car accident, flood insurance tips, insurance information needed in the event your car or home is damaged in severe weather, sewer pump coverage information, travel insurance, All Purpose Vehicle (APV) insurance, bail bond information, rental car insurance, coverage for Ohioans who provide in home child care services, pet insurance, insurance tips and information for young adults heading to college, disaster planning for small businesses and protecting holiday purchases, among many others.

Ohio Department of Insurance Orders Anthem to Refund \$6 Million to Policyholders

In late June, Ohio Department of Insurance Director Mary Jo Hudson, announced that more than 45,000 Ohioans will receive a refund or credit from Community Insurance Company, also known as Anthem, due to Anthem charging consumer rates that were not consistent with the rates filed with the Ohio Department of Insurance.

Consumer Counseling and Advocacy Saves Ohio Insurance Consumers Millions Annually

The Department saved or recovered more than \$8 million for Ohioans thru November by assisting consumers with complaints regarding their health insurance and Medicare. The Department fielded nearly 124,000 consumer-related phone calls, and handled around 6,000 consumer complaints, also thru November.

Ohioans Saved More than \$400,000 Due to Health Care Claim Denial Reviews

Ohio Department of Insurance Director Mary Jo Hudson issued the Department's annual Ohio Patient Protection Act report, which allows consumers to appeal certain health care claim denials, announcing in 2009 that Ohioans saved more than \$400,000 in 2008. Since the enactment of the Act in 1999, 3,706 cases have been reviewed, recovering more than \$9.9 million in previously denied health care services for Ohio consumers.

Ohio Homeowners Average Insurance Premiums Increased Slightly in 2008

The Department announced in 2010 that on average Ohioans paid slightly more for homeowners insurance in 2008 than in 2007. Ohio's homeowners insurance premiums are the 9th lowest in the country. The news comes based on a report issued by the National Association of Insurance Commissioners (NAIC). Statistics in the NAIC report show that Ohioans paid an average homeowners insurance premium of \$569 in 2008, the most recent year data is available. In 2007, the average homeowners insurance premium was \$548. Those figures are far lower than the national average homeowners insurance premium of \$788, down from \$816 in 2007.

OSHIIP Program Successfully Serves Ohio Medicare Beneficiaries

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) staff and statewide network of volunteers counseled more than 50,000 people with Medicare, visited all 88 counties in the state with its "Medicare Check-up Days," and held 11 statewide "Welcome to Medicare" events.

Insurance Department Participates in National Preparedness Month Campaign

The Ohio Department of Insurance spent National Preparedness Month in September educating Ohioans on various ways to make sure Ohioans and their possessions are protected in the event a disaster were to strike. Insurance topics that were highlights during National Preparedness Month included purchasing flood insurance, recovering from severe weather, creating a home inventory, and preparing a small business for a disaster.

Insurance Department, OEMA, FLASH, NFIP, NOAA Kick-Off National Flood Safety Awareness Week

The Ohio Department of Insurance, Ohio Emergency Management Agency, Federal Alliance for Safe Homes (FLASH), National Flood Insurance Program (NFIP) and National Oceanic and Atmospheric Administration (NOAA) announced the beginning of National Flood Safety Awareness Week, March 15-19. The kickoff event was held this afternoon at the Ohio Emergency Management Agency and intended to remind Ohioans about the importance of flood insurance.

Insurance Department Officials Visit Areas Hit by Hail, Tornadoes

Members of the Ohio Department of Insurance's Fraud and Enforcement Division led a statewide campaign to fight contractor fraud by going door to door in several Ohio areas that were hit by severe weather. Department of Insurance officials visited several counties to pass out pamphlets, tip sheets and other information on how to avoid becoming a victim of an unscrupulous contractor as well as answer any questions residents may have. Director Hudson issued a bulletin to Ohio insurance companies asking them to be patient when receiving late insurance premium payments from those who suffered a loss during these storms.

Annuity Guaranty Coverage Increase Provides Greater Consumer Safeguards

The Ohio Department of Insurance worked with the Ohio General Assembly to amend Ohio insurance law to increase the Ohio Life and Health Insurance Guaranty Association's coverage protection for annuities from \$100,000 to \$250,000. The change went into effect on May 26th, 2010. The changes made to Ohio Revised Code section 3956.04 will guarantee that consumers who purchase an annuity product may be able to recover up to \$250,000 of their policy in the unlikely event that the company they purchased the product from becomes insolvent.

Insurance Department, OBAA Partner to Provide Information to Ohioans on Bail Bond Agents

Ohio Department of Insurance Director Mary Jo Hudson and the Ohio Bail Agent Association (OBAA) teamed up to help inform Ohioans on how to spot illegal activity from bail bond agents based on new rules developed in 2008 addressing solicitation criteria for bail bond agents. Ohio law prohibits agents who are on courthouse grounds or detention facilities from selling or otherwise soliciting for the sale of bail bonds. The rule instructs agents on the type of solicitation activity that is prohibited in the courthouse or on detention facility grounds.

The Auto Insurance Sample Premium Calculator, available at www.insurance.ohio.gov, can be used to compare sample premium quotes voluntarily provided by participating insurance companies as well as obtain contact information for these companies.

Ohio Department of Insurance and Ohio Association of Health Plans Create Standardized Health Insurance Application

The Ohio Department of Insurance and the Ohio Association of Health Plans (OAHP) created new standardized form, App1210, also known as the Ohio Uniform Small Group Application in order to simplify the health insurance application process for employers seeking quotes from multiple carriers. The form also makes the process easier for insurance agents, and especially employers and employees who will only have to fill it out once. Ohio health insurers who are participating in using the form are Aetna, AultCare, HealthAmerica, Medical Mutual of Ohio, Paramount, SummaCare/Summa Insurance Company, The Health Plan and UnitedHealthcare.

Insurance Department Launches Facebook Page

The Ohio Department of Insurance created a page on the social media web site Facebook. The page contains valuable information for those with questions about their insurance coverage as well as links to various publications on the Department's web site. The Department's Facebook page will be updated with consumer alerts, press releases, podcasts and information about consumer events in which the Department will be hosting or participating. Visitors to the site will not be able to post comments but there will be information on how to contact the Department with an insurance question or complaint.

Enhancements Made to Agent Licensing Standards

In February 2010, Governor Strickland signed House Bill 300 into law, making changes to Ohio's agent license standards. The law brings Ohio into uniformity with the National Association of Insurance Commissioners (NAIC) standards adopted by 46 other states related to insurance agent licensing and oversight. It allows Ohio agents to be more competitive with non-resident agents and provides them with the opportunity to do better in the national market. This will enable Ohio agencies to grow and add more employees.

Changes to agent license standards include:

- A mandatory federal background check for licensure.
- 24 hours of Continuing Education, including three hours of ethics education, will be required for all major lines of authority.
- License renewal on a biennial basis. Renewal at end of birth month.
- Business entity licenses renew on September 30 of even years for domestics
- No renewal fee if complete CEs.

On January 1, 2011, Ohio's new agent licensing laws and rules went into effect and all insurance agents and business entities are required to renew their insurance licenses on a biennial basis.

Department Fighting Fraud and Agent Misconduct

The Department opened more than 160 consumer insurance fraud cases in 2010, compared to 217 in 2009, of which more than 80 were referred for prosecution. The Department opened more than 1,200 agent misconduct cases in 2010, compared to 1,431 in 2009 and took administrative action in 250 of the cases.

Insurance Department Helps Launch “Take Action – Protect Yourself from Fraud” Initiative

The State of Ohio launched a new Take Action: Protect Yourself from Fraud initiative that educates consumers about insurance fraud and financial exploitation. Take Action focuses on alerting consumers to types of deceptive sales practices and schemes currently occurring in annuities, living trusts, stranger-originated life insurance (STOLI), reverse mortgages, Medicare sales and health care fraud. Take Action also assists Ohioans in safeguarding their online information and warding off unwanted telemarketers and spammers. The Ohio Department of Aging assisted in creating Take Action resources and plays a key role in the outreach to older Ohioans.

Potential Million Dollar Life Insurance Scheme Thwarted

Ohio Department of Insurance Director Mary Jo Hudson revoked the insurance license of Alex Kozonashvili of California in March for alleged violations of Ohio insurance law, including misrepresentation and untrustworthiness. A Department investigation revealed that in August 2008, Mr. Kozonashvili allegedly submitted a universal life insurance application to Prudential Insurance Company for \$9 million worth of coverage for a 74-year-old woman from Cleveland. In the application, he misrepresented where she lived and claimed she had assets worth \$12.5 million. The agent allegedly offered the potential victim at least \$8,000 to participate. The potential victim lives on a fixed income of less than \$1,000 a month. Fraud was suspected and reported to the Department. A person who offers to give you money for someone to take out a life insurance policy on themselves for the purpose of selling it to an investor is probably involved in a stranger-originated life insurance (STOLI) scam, which is illegal in Ohio.

Former Medina Agent Receives Seven Year Prison Sentence in \$700,000 Fraud

Former Ohio insurance agent Damon Bryan of Medina was sentenced to seven years in prison by a Medina County Common Pleas Court judge after pleading guilty to nine counts of felony theft, which included theft from the elderly. Mr. Bryan will also be on probation for five years after his prison sentence is concluded. A Department investigation revealed that in 2007, Mr. Bryan took \$685,000 in unauthorized loans from nine of his clients' annuity policies, deposited it into his account and used the money for his own purposes. Mr. Bryan voluntarily surrendered his insurance license in May 2007 and was indicted on 27 felony counts in August 2009.

Four Arrested on Health Care Fraud Charges

Four Ohioans were arrested in January as the result of a joint healthcare fraud investigation conducted by the Ohio Department of Insurance, the Ohio Attorney General's Office, the US Department of Health & Human Services and the FBI. In December 2008, a company named Three Rivers was served with a subpoena and ordered to produce 118 patient files, as the company was suspected of overbilling insurance companies for services never rendered.

Barbara Elise Miller of Coshocton and owner of Three Rivers Infusion and Pharmacy Specialists, was arrested and charged with two counts of witness tampering, two counts of obstruction of an official proceeding, and one count of concealment of records. Ms. Miller's husband Dana Campbell, also of Coshocton and Vice President of finance for Three Rivers, was also arrested in and charged with one count of concealment of records.

Ms. Miller only provided the government with 21 of the 118 files. In December of 2009, government agents found many of the subpoenaed files concealed in the Coshocton home of Ms. Miller and Mr. Campbell. Two former employees of Three Rivers, James Ireland, 39, of Coshocton, and Douglas Bolden, 55, of Zanesville were also arrested. The two individuals were each charged with one count of obstruction of an official proceeding as they accepted "severance" payments from Miller in return for their silence about Miller's activities.

Perrysburg Physician Sentenced To Five Years Probation for Fraud

Dr. Stacey Royal of Perrysburg was sentenced to five years probation and was ordered to pay \$234,144 in restitution to her victims, as well as a \$10,000 fine. Dr. Royal was indicted by a Wood County Grand Jury on November 5, 2009, after a Department investigation revealed she billed insurance carriers in excess of \$900,000 for inflated services or services that she, and the Royal Treatment Urgent Care, never provided. The investigation further confirmed she received more than \$100,000 in payments as the result of her fraudulent billing practices. Dr. Royal pled guilty to all charges during her trial on August 19, 2010.

Accomplice in Fraud Scheme Sentenced to Six Month Jail Term

In November, 2010, was sentenced by a Wood County Common Pleas Court Judge Christopher Davis of Toledo, to spend six months in jail and one year of probation for his role in an insurance fraud scheme involving Dr. Stacey Royal of Perrysburg, Ohio. He must also pay more than \$133,000 in restitution to the identified victims and more than \$18,000 in investigatory costs. He could face additional jail time if he violates the terms of his probation. Mr. Davis was found guilty by a Wood County Jury of engaging in a pattern of corrupt activity and complicity to theft and insurance fraud charges. Davis' conviction stems from an investigation which found Dr. Royal billed insurance carriers in excess of \$900,000 for inflated services that she, and the Royal Urgent Treatment Care, never provided. The investigation found Mr. Davis served as the office manager at Royal's facility.
