Governor Ted Strickland

Director Mary Jo Hudson

Annual Report 09

Letter from Director Mary Jo Hudson

In 2009, the Ohio Department of Insurance made major strides in its commitment to uphold a competitive, financially sound and fair insurance marketplace on behalf of Ohioans.

Of note are the unprecedented steps made in health care reform. Along the way, the Department saved more than \$11 million for insurance consumers, auto and homeowners rates in Ohio remained among the lowest in the country and we continued to combat insurance fraud, which not only can wipe out consumers' hard-earned savings, but also makes coverage more expensive for each of us.

While we are currently working on implementing federal reforms resulting from the Patient Protection and Affordable Coverage Act (PPACA) of 2010, the state made headway in 2009 with health care reforms contained in the biennium budget bill that will help more than 109,000 now uninsured adults obtain health coverage. Among those changes were a revised rate cap on rates charged to consumers with pre-existing conditions in the open enrollment market, raising the age of dependency to age 28, requiring insurers selling coverage in the individual market to file rates for approval, requiring Section 125 plans for uninsured workers so they can purchase healthcare more affordably, and creation of the Ohio Health Care Coverage and Quality Council (HCCQC).

The HCCQC will carry these reform efforts forward while working to assure cost containment and improvement in the quality of health care delivery. Further, the Department became a partner in the Ohio Health Information Partnership (OHIP) technology initiative for the State of Ohio. We are leading the charge with devoted partners to transform health care communications from a voluminous paperwork process into a more efficient and ultimately more cost effective statewide health information technology network.

We have much more information to share with you in the accompanying pages of this annual report. If you have any questions about the material, please contact us. Also, feel free to visit the Department website for more news and information, provided through our news releases, insurance toolkits, tip sheets and more at www.insurance.ohio.gov.

Best wishes,

Mary Jo Hudson

About the Director

Mary Jo Hudson is the 46th Director of the Ohio Department of Insurance and started on January 8, 2007 after being appointed to the position by Governor Ted Strickland.

Under Director Hudson's leadership, the Department has made great strides to protect insurance consumers and promote a healthy insurance market. The Department has increased its efforts to empower Ohio's seniors to protect themselves and has fostered collaboration among its internal divisions and with other state agencies to combat predatory insurance sales practices that are directed toward Ohio senior citizens.

Director Hudson has helped lead Governor Strickland's efforts to reduce the number of uninsured Ohioans and also improve health care quality. Since 2007, the Department has led a comprehensive series of efforts to improve access to coverage and make coverage more sustainable by bringing together a broad-based coalition of stakeholders and interested parties to develop proposed changes for coverage and health care quality. These efforts have resulted in reforms to the individual market, increased access to coverage for dependants and affordability measures that will now enable approximately more than 109,000 Ohioans with access to health insurance. These efforts also resulted in the formation of the Ohio Health Care Coverage and Quality Council, which Director Hudson chairs, to develop and encourage improvements in the quality and cost effectiveness of Ohio's healthcare system.

Ohio is a member of the Interstate Insurance Product Regulation Compact ("Compact"), which, enables an insurer to file a single asset-based product (life, annuities, long-term care, disability insurance) that, when approved, can be sold in all 36 member states. Director Hudson currently serves as the chair of the Interstate Compact's Management Committee, and has led Ohio's efforts to work with other states to develop common product standards, which will make the insurance marketplace much more efficient.

About the Director (Continued)

Ohio is also an active participant in the National Association of Insurance Commissioners, where Director Hudson has been a staunch advocate for state-based regulation and is a member of the Executive Committee. Director Hudson serves as a member of the Market Conduct/Market Analysis (D) Committee, the Financial Examinations (E) Committee, the Financial Accreditation (F) Committee, the Solvency Modernization Initiative (EX) Task Force, and the Market Conduct/Market Analysis (EX) Task Force. Director Hudson also serves as Chair of the Board for the System of Electronic Rate and Form Filings (SERFF), and is the Secretary/Treasurer of the Midwest Zone.

Prior to her appointment as Director of the Department of Insurance, Director Hudson served on Columbus City Council from 2004 to 2006. Director Hudson also practiced law for eighteen years, most recently with the Columbus offices of Bailey Cavalieri, LLC, focusing on insurance regulation and liquidation law, consumer finance and retail law compliance, unclaimed property planning and reporting, commercial lending, state and federal advertising law, and general corporate matters. From 1989 to 1995, Director Hudson worked as an attorney with the Ohio Department of Insurance and as General Counsel for the Office of the Ohio Insurance Liquidator.

Director Hudson received her B.A. in Public Administration from Miami University in 1985. She received her J.D. from the University of Cincinnati College of Law in 1988, graduating with honors. Director Hudson is originally from St. Marys, Ohio and resides in Columbus, Ohio.

About the Department

The Ohio Department of Insurance is one of the state's largest consumer protection agencies and is responsible for the education and protection of Ohioans who purchase insurance and for oversight of the insurance industry in the state. The Department is charged under Ohio Revised Code Chapters 39 and 17 with the responsibility of monitoring the financial condition of insurance companies licensed to do business in the state. The Department assures that the policy and rate information used by these companies complies with Ohio law, and monitors the sales practices of these companies.

In 2009, insurance companies operating in Ohio wrote more than \$55 billion in insurance premiums, and were assessed approximately \$434 million in premium taxes, which is credited to the state's General Revenue Fund. The Department, as of Dec. 2009, licensed and regulated the activities of approximately 1,668 insurance companies, 249 of them domiciled in Ohio; 273,749 agents and 19,742 agencies. Additionally, the Department provides consumers with assistance in resolving issues and complaints regarding insurance companies and agents, and sponsors numerous educational programs.

Department Areas

Executive Division

The Executive Division oversees the operations of the entire Department. The Director, Chief of Staff, Chief Regulatory Officer, and Chief Policy Officer work as a team with Policy and Legislation and Communications/OSHIIP to serve as the Department's official link among federal, state and local governments, insurance companies and agents, stakeholders, the media and Ohio insurance consumers.

Consumer Affairs Division

The Consumer Affairs Division consists of Consumer Services and the Ohio Senior Health Insurance Information Program (OSHIIP). The Consumer Affairs Division provides direct services to Ohio insurance consumers by answering questions, investigating complaints, organizing and coordinating a statewide counseling service for people on Medicare, and distributing educational material.

Consumer Services Unit

The Consumer Services Unit representatives assist Ohio insurance consumers on the phone, through Internet communications, written correspondence, meeting one-on-one and with community outreach activities. Activities include counseling victims at disaster assistance sites, meeting with insurance industry professionals and participating in insurance fairs across the state. Representatives also respond to inquiries regarding a wide variety of insurance matters.

Ohio Senior Health Insurance Information Program (OSHIIP) Unit

OSHIIP, funded primarily by a grant from the Centers for Medicaid and Medicare Services (CMS), was founded in 1992 and continues to provide Medicare beneficiaries with free, objective health insurance information and one-on-one counseling. OSHIIP's speaker's bureau, hotline experts, outreach efforts through Medicare Check-up Days, Welcome to Medicare and SHIP Mates events, and trained volunteers educate consumers about Medicare, Medicare prescription drug coverage (Part D), Medicare Advantage options, Medicaid, Medicare supplement insurance, long-term care insurance and other health insurance matters.

Department Areas

Product Regulation and Actuarial Services Division

Product Regulation and Actuarial Services – which includes the Department’s Life, Health and Managed Care, Property and Casualty and Actuarial Services Units – reviews the contractual provisions and rating plans of most insurance policies sold in Ohio to ensure they are in compliance with Ohio and federal laws.

Life, Health and Managed Care Unit

The Life, Health and Managed Care Unit is charged by statute to review the contractual provisions of all life, annuity, health and accident policy forms marketed to Ohio residents, including managed care health insuring corporations (HMO) form filings and solicitations. Professionals in this unit ensure that both group and individual policy forms are in compliance with Ohio law and regulations, reviewing nearly 5,000 forms annually. Additionally, they are responsible for the review and licensure of Health Care Alliances, and the review and accreditation of Internal Review Organizations. This unit provides guidance to other Department divisions, the insurance industry and the legislature on relative issues, and participates in a variety of national working group forums to develop standard insurance regulatory best practices.

Department Areas

Product Regulation and Actuarial Services Division (Continued)

Property and Casualty Unit

The Property and Casualty Unit is responsible for the review of policy forms, endorsements, and manual rules for products marketed to Ohio consumers by Ohio licensed property and casualty insurance companies. The professionals in this unit review product forms and manual rules to ensure that policies issued are in compliance with Ohio law, reviewing nearly 5,000 filing submissions annually. Products reviewed include commercial lines (e.g. insurance for businesses – auto, general liability, personal lines (homeowners, automobile and similar products for individuals and families), and professional liability including medical professional liability, property, crime, fidelity and surety). This unit also reviews title insurance products, risk purchasing and risk retention group registrations, and surplus lines reports. This unit provides guidance to other Department divisions, the insurance industry and the legislature on relative issues, and participates in a variety of national working group forums to develop standard insurance regulatory best practices.

Actuarial Services Unit

Ohio is fortunate to have a talented and well-qualified staff of board-certified actuaries, including four actuarial fellows on the Actuarial Services Unit. This unit annually reviews more than 2,500 rate filings for compliance with Ohio regulations, reviews actuarial opinions on reserve adequacy, and assists the Risk Assessment Division in the examination and surveillance of the financial condition of Ohio domestic companies. Premium rates are reviewed to confirm that rates charged are commensurate with policy benefits and are fair and equitable. Rates, by law, cannot be excessive, inadequate, or unfairly discriminatory. Actuarial standards of practice are used to determine whether rates are in compliance as well as whether reserves are adequate and reasonable. Actuarial Services also assists and advises other state agencies on actuarial issues and participates in a variety of National Association of Insurance Commissioners (NAIC) committees, task forces, and working groups.

Department Areas

Risk Assessment Division

The Risk Assessment Division monitors the financial solvency and market conduct of insurance companies licensed in the state of Ohio. The professionals in this division review financial statements of every company licensed in Ohio and complex transactions to ensure that insurance companies are safe and sound. The division closely monitors the financial condition of insurance companies doing business in Ohio by conducting in-house analyses of financial statements and all other supplemental filings made by insurers. They also monitor insurers' statutory and solvency compliance on an ongoing basis and conduct periodic on-site field examinations. They conduct further analysis on sales market activity and monitor complaint trends to assure that insurance companies transacting business in Ohio are selling their products and adjusting and paying claims appropriately.

The Risk Assessment Division has five main areas: Domestic Company Analysis, Foreign and Alien Company Analysis, Financial Condition Examination, Licensing and Administration and Market Conduct.

Domestic Company Analysis Unit

The Domestic Company Analysis Unit monitors the risk profile, financial condition and operating results of Ohio-domiciled insurance companies using a well-developed risk and company ratings process. At least once per quarter, this unit updates each insurer's risk and company ratings based on an assessment and evaluation of financial performance and corporate governance, as well as other qualitative and quantitative measures. The Domestic Company Analysis Unit uses these risk and company ratings to allocate resources and to develop a specific surveillance strategy for each insurer, including determining the frequency and scope of required regulatory examinations. This unit is also responsible for reviewing financial transactions such as mergers, acquisitions, re-domestications, dividends, reinsurance agreements and inter-company agreements.

Department Areas

Risk Assessment Division (Continued)

Financial Condition Examination Unit

The Financial Condition Examination Unit conducts on-site financial examinations of insurance companies that are domiciled in Ohio. Ohio law requires a financial examination be conducted on licensed companies at least once every five years. However, the Financial Condition Examination Unit's risk based analysis determines the frequency of examinations based on an insurer's performance and risk management practices. This analysis allows the Department to focus its resources on those companies with the highest degree of regulatory concern.

Foreign and Alien Company Analysis Unit

The Foreign and Alien Company Analysis Unit is responsible for determining and implementing the appropriate regulatory course of action for companies with weak performance, inadequate risk management practices, and a higher degree of regulatory concern. The professionals in this unit facilitate communications with certain internal and external stakeholders about regulatory actions taken or planned, including requiring a corrective action plan from companies with a higher risk of failure and monitoring the board's and senior management's implementation of the corrective actions.

Licensing and Administration Unit

The Licensing and Administration Unit has varying responsibilities including surveillance technology and automation enhancements, fiscal support and company licensing. This unit also calculates and certifies domestic insurers' premium and franchise tax, foreign insurers' premium tax, retaliatory tax and fire marshal tax owed to the state.

Department Areas

Risk Assessment Division (Continued)

Market Conduct Unit

The Market Conduct Unit monitors insurers' compliance with Ohio insurance laws and regulations by examining companies' business practices, such as underwriting, marketing and claims handling. The professionals in this unit are responsible for gathering industry information from a variety of sources, including consumer complaints, company filings, National Association of Insurance Commissioners (NAIC) databases, and analyzing that information to determine which companies need further scrutiny to determine their compliance with Ohio law.

The Fraud, Enforcement and Licensing Division

The Fraud, Enforcement and Licensing Division oversees the licensing of insurance producers and business entities. The Division also investigates allegations of agent and agency misconduct and insurance fraud.

Fraud Unit

The Fraud Unit is a criminal justice agency that investigates suspected cases of insurance fraud. Insurance fraud, which is defined as the intentional filing of a false or deceptive claim, can include a policyholder filing a false claim with a carrier, a policyholder or claimant misrepresenting the facts and/or circumstances surrounding their claim in order to receive insurance proceeds, an individual submitting inflated or fictitious receipts, an insurance agent submitting a forged application or a medical provider billing an insurance carrier for services they did not provide. As a criminal justice agency, Fraud Unit personnel often work with federal, state and local law enforcement agencies. Staff refer cases to local and federal prosecutors for consideration, and testify in criminal proceedings.

Department Areas

The Fraud, Enforcement and Licensing Division (Continued)

Enforcement Unit

Every person who sells insurance in Ohio must be licensed and must adhere to the standards of conduct set forth in Ohio law. The Enforcement Unit is responsible for investigating allegations of unlicensed activity and alleged agent misconduct. If evidence obtained by the Enforcement Unit confirms an agent violated an Ohio insurance law, the agent may face administrative action being taken against their license, and may be subject to a fine, a suspension, or revocation. If an agent's conduct is criminal in nature, the case may also be referred to a prosecutor for potential criminal prosecution.

Licensing Unit

The Licensing Unit issues licenses to insurance agents, insurance agencies, managing general agents, third-party administrators, reinsurance intermediaries, public insurance adjusters, viatical settlement brokers, title agents, title agencies and surety bail bond agents. As insurance agents and agencies are appointed by carriers to sell insurance, the Licensing Unit is responsible for processing agent appointments and appointment renewals. The professionals in this unit also monitor agents to ensure they meet Ohio's continuing education requirements. Ohio was one of the first states to offer an Internet agent testing and licensing system, and continues to work on uniformity with other states and ease of administration for agents. The system allows applicants to submit applications and fingerprints electronically, so they may receive their license within a few days.

Department Areas

The Legal Services Division

The Legal Services Division handles regulatory transactions, administers public hearings on agent and company license and enforcement issues, provides legal assistance to other divisions in the Department and supervises litigation. Legal Services professionals also review corporate transactions filed with the Department, including changes of control, mergers, redomestications, demutualizations and the investment activities of domestic insurance companies. The Legal Services Division provides support services to other Department divisions include drafting proposed statutes, amendments, rules and bulletins; providing legal advice on human resource issues; evaluating contract compliance; formulating departmental policies; administering public hearings; drafting consent agreements, reports and recommendations, and orders for the Director's approval; and overseeing the Department's records retention program.

The Information & Technology Division

The Information and Technology Division assists the Department in achieving its regulatory oversight responsibilities through business process reengineering and technology implementations. The division analyzes enterprise and division specific business processes and subsequently designs, implements and provides managed services for technologies, including: computer programs, web-based applications and Department network and data infrastructures. The division provides and supports an enterprise platform for telecommunications and a user-friendly website that offers consumers, insurers and agents online services 24-hours a day. Additionally, the division ensures the Department's operations and data are secure through Department-wide security training and policy compliance programs.

Department Areas

The Human Resources and Fiscal Services Division

The Human Resources and Fiscal Services Division administers several programs that benefit the health, safety and security of Department employees. Overall administrative services are provided in the areas of security, systems operation and maintenance, and the continual development of the internal auditing control program.

Fiscal Unit

The Fiscal Unit operations provide accounting and budgeting services to the Department. The professionals in this unit prepare the Department's budget, manage revenue, monitor expenses and payroll, administer grants and workflow for purchases and travel reimbursements and deposit securities. They are also responsible for the Department's inventory control, fleet management and mail operations.

Human Resources Unit

The Human Resources Unit directs and coordinates all personnel and labor relations activities, so that the Department can attract, develop and retain quality personnel in a positive work environment that contributes to effective and efficient departmental operations. Activities of this unit include recruiting, selecting, hiring and training employees, EEO/AA programs, overseeing payroll processing and benefits for Department employees, administering the collective bargaining agreement, responding to grievances, mediating and arbitrating disputes, and developing human resource policy.

Key Department Staff

Amy Andres, Chief of Staff

Amy Andres joined the Department as Chief of Staff in January 2007 to oversee daily operations, including Communications, Human Resources, Fiscal, Information Technology, Legal Services and Consumers Affairs.

Andres also currently serves as Chairperson of the Board for the Ohio Health Information Partnership (OHIP), a public-private, non-profit corporation designated to implement Ohio's Health Information Exchange and to support adoption and meaningful use of electronic health records. She is also the Health Information Technology Officer for the State of Ohio, providing strategic direction and coordinating health information technology Initiatives throughout Ohio's state government.

Andres has more than a decade of senior level management experience in the private and public sectors, and has worked in the health care and technology industries. Before entering public service, she successfully led business units for CVS-Procare, Allscripts and Sarcom. Prior to her arrival at the Department of Insurance, Andres served as the Chief Information Officer for the Ohio Department of Education.

Bill Rossbach, Chief Regulatory Officer

Bill Rossbach was named the Department's Chief Regulatory Officer in February 2008. He joined the Financial Regulation staff in 1976 and was promoted to Assistant Director in 2003. Rossbach manages the Risk Assessment Division; the Product Regulation and Actuarial Services Division; the Fraud, Enforcement and Licensing Division; and Consumer Affairs Division.

Key Department Staff (cont.)

Doug Anderson, Chief Policy Officer

Doug Anderson was named the Department's Chief Policy Officer in February 2008 to oversee the agency's policy, legislation and government affairs activities. Anderson's work focuses on modernizing state and federal insurance laws, establishing sound financial and regulatory practices, and improving Ohio's insurance markets. He also oversees initiatives to expand access to health insurance coverage and improve the cost and quality of the health care system.

Anderson has been with the Department since 2001, providing legal and strategic advice on a wide range of business, insurance and health care related issues. He previously worked as an attorney with the law firm of Porter Wright Morris & Arthur in Columbus, where he became a partner.

Anderson graduated from the University of Michigan with a degree in economics and from The Ohio State University College of Law with a Juris Doctorate. He is licensed to practice law in state and federal courts in Ohio.

Craig Predieri, Chief Legal Counsel

Craig Predieri joined the Department in February 2004 and served as Assistant Chief of the Legal Division before his recent promotion to Chief Legal Counsel in 2008. Predieri oversees a team of attorneys who provide counsel to all of the Department's divisions. Before joining the Department, he was an Associate at Thompson Hine, LLP and was a member of the Labor and Employment section. He also worked on insurance related matters. Previously, Predieri worked as a Senior Underwriting Team Leader at State Farm Insurance Company.

Key Department Staff (cont.)

Carly Glick, Communications Assistant Director

Carly Glick, who joined the Department as Public Liaison in March 2007, was named Assistant Director over Communications and OSHIIP a few months later. Glick has more than a decade of experience in media relations and communications in both the public and private sectors. She previously served as the Director of Communications at eTech Ohio, where she led the state agency's media and public relations efforts. Prior to joining the State of Ohio in 1999, Glick worked in Columbus as an Associate Producer at WSYX6-TV and as an Overnight Anchor and Assignment Editor at WBNS-10TV.

Eric James, Information and Technology Assistant Director

Eric James joined the Department in October 2007 as an Executive Project Manager and was soon elevated to Assistant Director of Information and Technology. Before joining the Department, James worked at the Ohio Department of Education as Assistant Chief Information Officer. During his tenure there, James developed strategies for technology priorities and oversaw projects while working closely with outside customers and stakeholders. He graduated from the Fisher College of Business at The Ohio State University with a Bachelor of Science in Business Administration, majoring in Information Systems.

Anne Jewel, Policy and Research Assistant Director

Anne Jewel was named the Assistant Director to the Office of Policy and Research in February 2008. Prior to coming to the Department, she was a principal in the regulatory consulting firm Jewel & Bahnsen, LLC, specializing in health insurance issues. Jewel also worked with the insurance regulatory firm Rector & Associates, Inc., focusing on general consulting with particular emphasis on corporate business transactions. She served previously at the Department from 1988 to 1991. Jewel has also worked as an attorney in private practice at the law firm of Benesch, Friedlander, Coplan and Aronoff and as an attorney in public practice at the Office of the Ohio Attorney General.

Key Department Staff (cont.)

Mary Miller, Product Regulation and Actuarial Services Assistant Director

Mary Miller was appointed the Department's Assistant Director of Product Regulation and Actuarial Services in February 2008. She joined the Department in 1996 to assist in monitoring the solvency of the domestic property and casualty insurers, and health insurers. Miller has served as Casualty Vice-President of the American Academy of Actuaries (AAA) and the board of Directors of the Casualty Actuarial Society. She currently serves on the Board of Directors of the American Academy of Actuaries. She is Vice-Chair of the NAIC Casualty Actuarial and Statistical Task Force and is a member and former chair of the AAA Financial Soundness and Risk Management Committee. Prior to joining the Department, Miller worked in the private sector as a commercial lines actuary and underwriter.

Michelle Brugh, Fraud, Enforcement and Licensing Assistant Director

Michelle Brugh joined the Department in July 2005 as a Fraud and Enforcement Supervisor and was named Assistant Director of Fraud, Enforcement and Licensing in December 2007. Before joining the agency, she worked for the Ohio Bureau of Workers' Compensation in their Special Investigations Division. Brugh has worked in the insurance industry since 1990 and has more than 15 years of experience investigating insurance fraud. She has a B.S. in Business Administration from the University of Dayton and is a former insurance agent. Brugh is actively involved with a number of NAIC workgroups and currently serves as Chairman of the Anti-Fraud Task Force Seminar and Training Committee.

Key Department Staff (cont.)

Jana Jarrett, Consumer Affairs Interim Assistant Director

Jana Jarrett was named Interim Assistant Director of Consumer Affairs in April 2010. She joined the Department in 2001 as an Insurance Complaint Analyst with the Consumer Affairs Division where she served for five years before moving into the Enforcement Division. In that capacity, Jana held the position of Insurance Investigative Officer prior to taking on the role of Investigations Supervisor in 2008. She worked in the insurance industry for five years before coming to the Department.

Melissa Wheeler, Government Affairs Assistant Director

Melissa Wheeler joined the Department in August 2009 as the Assistant Director of the Department's Government Affairs Division. Prior to joining the Department, she served as Legislative Liaison for the Ohio Department of Alcohol and Drug Addiction services for more than two years. Wheeler, an Aide to former State Senator Kimberly Zurz, began her legislative career as a Legislative Service Commission Fellow with the Ohio Senate. She is a 2001 graduate of Ohio Northern University.

Fred Lehr, Risk Assessment and Market Conduct Assistant Director

Fred Lehr was named as the Department's Assistant Director of the Office of Risk Assessment and Market Conduct in February 2008. He joined the Department in 2000 and has served as a leader in Financial Regulation Services, managing a staff that monitors the financial activity and solvency of Ohio licensed insurance companies. Prior to joining the Department, Lehr worked in the private sector for more than 30 years, primarily as a Chief Financial Officer in the life and health industry.

Accomplishments

Military Recognition

Director Signs Statement of Support for National Guard and Reserve

Director Mary Jo Hudson was presented with an Employer Patriot Award from the United States Department of Defense for her support of military issues, Ohio service members and Ohio Department of Insurance employees who serve in the National Guard and Reserve. She has provided the Ohio National Guard with soldier information support regarding insurance matters and has supported the National Guard in rule and law promulgation. The Department monitors, and when appropriate, takes action involving the Federal Military Personnel Financial Services Protection Act which has given Ohio jurisdiction to federal military bases in the state to protect members of the U.S. Armed Forces from predatory and abusive insurance sales practices.

Healthcare Coverage and Quality Reforms

State Health Insurance Reforms to Make Coverage Accessible for 109,000 More Ohioans

Numerous health care reforms were included in HB 1 of the 128th General Assembly, as enacted in 2009. In all, the changes will help more than 109,000 uninsured Ohioans obtain coverage over the next three years and enable more small business to provide coverage to their employees. The initial reforms include a revision to the rate-cap on individual coverage secured through open enrollment for those with pre-existing health conditions; increasing the dependent age coverage limit to 28 years old; and mandating small employers permit business workers to purchase health coverage with pre-tax dollars through use of Section 125 plans. In addition, the state's mini-COBRA program was extended so small business employees can maintain health benefits for themselves and their family in the event they become unemployed.

Accomplishments

Establishment of the Health Care Coverage and Quality Council

Established by a Governor Strickland Executive Order then codified in law through HB 1, the Department-led Ohio Health Care Coverage and Quality Council (HCCQC) is a public-private partnership which works on reform efforts to improve opportunities for uninsured Ohioans to obtain healthcare coverage, and also find ways to reduce the cost of, and improve the quality of health care in Ohio. The HCCQC is developing and implementing strategies, through several task forces, for patient-centered medical homes and payment reform to support medical homes, decreasing hospital readmissions, bringing federal healthcare reform to Ohio and cataloging, coordinating and improving data reporting. The HCCQC consists of more than 30 members from the provider, payer, consumer, and policy communities. State agencies responsible for health care and insurance delivery and oversight are also represented, as is the Ohio General Assembly. The council encourages and provides regular opportunities for public comment. www.hccqc.ohio.gov.

Formation of Ohio Health Information Partnership and Development of Ohio Electronic Health Records Network

Governor Strickland designated the non-profit Ohio Health Information Partnership (OHIP) as the entity to lead the implementation and support of health information technology throughout Ohio. Chaired by the Department, with leadership from Ohio's medical provider, payer and consumer communities, and using a combination of state and federal funds, OHIP will support the adoption and use of electronic medical records by Ohio's health care providers. The partnership is charged with implementing and overseeing a statewide health information exchange that will improve access to data and patient information by authorized health care providers while ensuring patient privacy. The partnership also will collaborate with industry experts to provide educational, technical, and procurement services to health care providers who need to implement electronic medical records.

Accomplishments

Extension of Mini-COBRA Benefits

Ohioans employed by a company with fewer than 20 employees who have lost their job can now secure a federal subsidy up to nine months that may reduce the cost of their continuation health coverage, often referred to as mini-COBRA, by 65 percent. The Ohio Legislature inserted an emergency amendment into HB 2 of the 128th General Assembly. Governor Strickland signed the legislation on April 1, immediately extending the timeframe eligible Ohioans can secure mini-COBRA continuation health coverage from six to 12 months, thus also extending eligibility for the federal subsidy from six to nine months. The Department established a special informational section on its website explaining the changes.

Health Care Claim Denial Reviews Report

Under Ohio law, health insurance consumers have the right to appeal claim denials for their medical claims to the Department through an external appeal process. Once the Department receives such an appeal, it assigns the appeal for review independent medical review by an impartial third party called an Independent Review Organization (“IRO”). The Department issued its 2008 Ohio Patient Protection Act (OPPA) report in 2009 announcing Ohioans saved more than \$400,000. A total of 136 cases, involving benefit determinations of approximately \$1.8 million, were submitted for IRO review. Of those cases, 34 percent were reversed by IRO review, saving Ohio consumers money. Since the enactment of the Act in 1999, 3,706 cases have been reviewed, recovering more than \$9.9 million in previously denied health care services for Ohio consumers. The Act provides Ohioans with the opportunity to request an independent, external review for denial, reduction, or termination by their health insurer of certain health care services. All appeals must first go through a health insurer’s internal appeal process.

Accomplishments

Initiative to Assist Ohioans In Understanding How to Appeal a Health Coverage Claim Denial

The Department conducted a series of focus groups to determine how the Department could better inform consumers about their right to external appeals of health care claim denials. Working with healthcare providers, health insurance companies and consumers, the Department worked with stakeholders to review its public outreach plan for external review issues, and also revised its outreach materials. The result of the initiative was preparation and launch of an online toolkit to help Ohioans understand the process by which they can appeal a health coverage claim denial made by their insurer.

The toolkit, which includes a helpful brochure and answers to frequently asked questions, illustrates the exact steps and processes consumers are to follow if they disagree with their insurance company about a claim decision. The toolkit initiative – which includes helpful information for medical providers – was one of several topics to come from ongoing stakeholder meetings with representatives from the Department, insurance companies and associations, businesses, medical providers and consumer advocates. Medical providers and consumer advocates are encouraged to link their websites to the materials so consumers have broad access to the information.

Survey of Uninsured Ohioans and Health Plan Concerns Through CHAT (Choosing Healthplans All Together) Project

The Department issued a final report detailing what uninsured Ohioans think a “basic” health plan should offer. Department representatives traveled statewide with the health plan computer program CHAT – Choosing Healthplans All Together. A total of 18 CHAT sessions were held in 14 counties from March through November 2008 with 177 diverse participants. The results of the CHAT, issued in 2009, show that Ohio’s uninsured residents want meaningful coverage but also coverage that is cost effective. The CHAT project is part of the larger effort to develop programs to cover Ohio’s uninsured residents. The report and its detailed findings are available at www.insurance.ohio.gov/Legal/Reports/Documents/CHATreport.pdf.

Accomplishments

Toolkit Created to Help Ohioans Who Lose Health and Life Insurance Benefits

The Department created an online toolkit available at www.insurance.ohio.gov to help Ohioans, including retirees, who have lost their health and life insurance benefits due to company lay-offs or cost cutting measures determine other insurance coverage options. The toolkit contains coverage options, tips on how to find insurance, consumer publications and links to health insurance, life insurance, employer bankruptcy and job loss material. The site also includes contact and outreach information for the Department, the Ohio Department of Job and Family Services, and the U.S. Department of Labor.

Department Issues Third Annual Ohio Medical Professional Liability Closed Claim Report

The Department issued its third annual Ohio Medical Professional Liability Closed Claim Report in 2009. Data collected from entities providing medical professional liability coverage to Ohio health care providers and health care facilities shows a total of 3,451 medical professional liability claims were closed in 2007. Claims that generated an indemnity payment, which is the amount of compensation paid on behalf of each defendant to a claimant, averaged \$315,635 per closed claim.

Health Insurers to Report Significant Medical Provider Network Changes, Policyholder Communications Plans to Department

To ensure that policyholders are properly informed and treated fairly when a health care provider leaves an insurance company's network, health insurers will now report significant changes to their medical provider networks to the Ohio Department of Insurance. They will also share with the Department how they will communicate with their policyholders when such instances occur. The Department has issued a bulletin (2009-01) that directs certain health insurers and health maintenance organizations (HMOs) to report significant changes to their medical provider networks to the Department within 15 days prior to contacting policyholders about the expiration of a contract with a hospital or major physician group.

Accomplishments

HB 125 Advisory Committee on Eligibility and Real Time Claim Adjudication Issues Final Report

The Advisory Committee on Eligibility and Real Time Claim Adjudication, created by the Ohio General Assembly in 2008, issued a final report of its findings to the Ohio General Assembly. The task of the Advisory Committee was to study and recommend standards that enable medical providers and payors to electronically exchange patient eligibility and claims adjudication information. The electronic exchange of patient information has the potential for significantly reducing costs in Ohio's healthcare industry. Findings of the report are available at www.insurance.ohio.gov.

Consumer Protections

Consumer Counseling and Advocacy Saves Ohio Insurance Consumers More Than \$11.3 Million

The Department saved or recovered more than \$11.3 million for Ohioans in 2009 through assisting consumers with complaints regarding their health insurance and Medicare. The Department fielded 121,654 consumer-related phone calls, and handled 8,006 consumer-related complaints, compared to 8,784 in 2008. The Department reported that health insurance claims were the number one complaint of Ohio insurance consumers in 2009. Nearly half (44%) of these complaints related to insurance claim denials.

Accomplishments

Ohio Senior Health Insurance Information Program

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) staff and statewide volunteers counseled more than 57,787 people with Medicare, conducted 842 outreach events and partnered with 233 counseling sites throughout the state's 88 counties. Some of these events include:

- **Statewide "Medicare Check-up" Days Held in Every County**

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) conducted Medicare Check-up Days in each of Ohio's 88 counties to complement Medicare's annual open enrollment period, Nov. 15 to Dec. 31. The events helped beneficiaries determine what Medicare coverage best suits them best. More than 17,500 Ohioans were assisted through outreach and personalized assistance at these events. Another 26,238 individuals were assisted via OSHIIP's toll free line and by community-based volunteers.

- **"Welcome to Medicare" Events Held in Nine Counties**

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) held "Welcome to Medicare" events from May through July in nine counties to help persons turning 65-years-old learn about Medicare. The events featured experts from OSHIIP, the Social Security Administration (SAA), Area Agencies on Aging and other partnering organizations that shared information on coverage costs, enrollment matters, patient rights, and preventative services.

- **"SHIP Mates" Program Adds Three More Partners**

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) continued its growth, and in 2009, partnered with Mercy Medical Center in Canton, Highland District Hospital, located in Hillsboro, and Triumph Hospital Mansfield to create a "SHIP Mates" volunteer program at the respective locations to help Medicare patients with insurance issues and paperwork during their hospital stays.

Accomplishments

Ohio Auto and Homeowners Insurance Rates Rise Slightly in 2009

The Department reported that the average rates for the state's top 10 private passenger auto insurers increased 2.8 percent in 2009. The average rates for the state's top 10 homeowners increased by 9.7 percent in 2009. Despite these increases, Ohio has some of the lowest rates in the nation, ranking the 11th lowest nationally in auto insurance and 6th lowest nationally in homeowners insurance, on average, according to the most recent figures from the National Association of Insurance Commissioners (NAIC). Changes in auto insurance rates are associated with medical costs, weather-related claims, the number of cars on Ohio roads and repair costs, while changes in homeowners insurance rates can be attributed to building and material costs and weather-related claims.

Missing Life Insurance Policy and Annuity Search Service Launched

In September 2009, the Department launched a new service to help Ohioans determine the existence of missing life insurance policies and annuities in partnership with life insurers that do business in the state. The program assists Ohio residents and the families of deceased Ohio residents identify if a policy was issued on the life of or owned by the deceased person. Now, any member of the immediate family of a deceased person was able to file a request with the Department using a form available for download at www.insurance.ohio.gov.

Accomplishments

Uniform Annuity Disclosure Templates to Protect Ohio Insurance Consumers

The Department, the American Council of Life Insurers (ACLI) and the Association of Ohio Life Insurance Companies (AOLIC) launched a pilot program to test templates for written annuity disclosure. This initiative will help ensure that Ohio life insurance companies begin using uniform annuity disclosure templates to help consumers more clearly understand fixed and indexed annuity contracts before a purchase is made. Companies were providing annuity disclosure information in formats that vary from one insurer to another, making comparisons difficult for consumers. The templates will set a standard format that will assist consumers in making comparisons. The initiative also provides companies with guidelines and suggested language for explaining certain contract features in plain-English. Visit www.insurance.ohio.gov for more information.

Department Joins Flood Awareness Partnership with Ohio Emergency Management Agency and Federal Alliance for Safe Homes

The Department formed a partnership with the Ohio Emergency Management Agency and the Federal Alliance for Safe Homes, Inc. (FLASH®) to offer disaster safety and prevention information to Ohioans. The partnership was formalized at a signing ceremony in Columbus on the one year anniversary of the Hurricane Ike windstorm. The three agencies have developed a web page with different flood safety informational pieces, including tips on protecting property, purchasing insurance and filing insurance claims. The website links are: www.flash.org, www.ema.ohio.gov or www.insurance.ohio.gov.

Accomplishments

Department Assists Military Research and Recovers Life Insurance Compensation

The Department and the National Association of Insurance Commissioners (NAIC) released a website at <https://eapps.naic.org/restitution/> that assists military service members research and recover compensation they are entitled to receive, according to a 2006 multistate regulatory settlement agreement over life insurance sales practices to the military. More than 14,000 service members who purchased life insurance products from American-Amicable Life Insurance Company of Texas or its two affiliates — Pioneer American Insurance Company and Pioneer Security Life Insurance Company — are owed more than \$2.3 million from the multistate settlement. The web tool makes it easier for military members to determine if they are eligible for compensation by simply entering an individual's first and last name in the search engine.

Fraud and Enforcement Accomplishments and Initiatives

Department Combating Insurance Agent and Consumer Insurance Fraud

The Department opened 217 consumer insurance fraud cases in 2009, 28 more than in 2008. A total of 99 were referred for prosecution. The Department opened 1,431 agent misconduct cases in 2009 compared to 740 in 2008 and took administrative action in 133 of the cases.

Fight Against Unsuitable Sales Practices to Seniors Continues

The Department continued its pledge on behalf of Ohio's seniors to fight unsuitable practices by those selling certain Medicare, annuity and Stranger/Investor Originated Life Insurance (STOLI) by holding statewide speaking engagements and senior summits along with workshops with the insurance industry. These efforts were complimented by the creation of special sections on the Department's web site, tip sheets and brochures, and news article placement and other media coverage initiatives.

Accomplishments

Department Prohibits Unfair and Deceptive Agents Misusing Senior Specific Certifications and Designations

The Department adopted a rule, 3901-5-11, that makes it an unfair and deceptive sales practice for insurance agents to use senior-specific certifications and designations when selling life insurance, annuities, or health insurance, including Medicare products in the state. The rule is intended to help protect Ohio's seniors from those agents who hold themselves out as specialists in the senior insurance market by using misleading, non-accredited certifications and designations to scam trusting seniors and make a quick sale.

Millersport Man Pleads Guilty In \$5 Million Insurance Fraud Case

Huey Granderson of Millersport, Ohio pled guilty on three counts stemming from his involvement in a Fairfield County insurance fraud ring. Granderson was the alleged ring leader of a group that stole more than \$5 million from companies in multiple counties. In the Fairfield County Court of Common Pleas, Granderson pled guilty to engaging in a pattern of corrupt activity, theft and failure to file an income tax return, all felonies. The Department soon took the lead in investigating more than 15 real estate purchases, 15 motor vehicle purchases and six insurance claims that ring members allegedly participated in since January of 2006.

Accomplishments

Former Maineville Agent Sentenced to Prison for \$5 Million Insurance Scam

Former Maineville insurance agent William R. Appleton, II, was sentenced in United States District Court to 97 months imprisonment for one count of mail fraud and 60 months imprisonment, to be served concurrently, for one count of income tax evasion. He was also ordered to pay \$6,281,252 in restitution to his victims, including \$1,099,267 to the Internal Revenue Service. Last March, Mr. Appleton pled guilty to one count of mail fraud and one count of tax evasion after he defrauded at least ten victims out of nearly \$5 million. A joint investigation conducted by ODI and members of the FBI and IRS revealed that from 2003 to 2007, Mr. Appleton posed as an investment advisor and convinced insurance clients to invest inheritance proceeds and money from their insurance products in the financial markets. Instead of investing his customer's money as promised, Mr. Appleton transferred the funds to his personal bank accounts.

Administrative Updates

Insurance Department Makes Electronic Filing Mandatory for Insurance Entities

The Department announced that by December 31, 2009, all insurance entities that do business in the state of Ohio were required to submit rate, rule and form filings for all lines of insurance electronically using the System for Electronic Rate and Form Filings, also known as SERFF. The Department is committed to enhancing "speed to market" for all lines of insurance. Greater than 97% of all filing submissions were already submitted to the Department via SERFF. SERFF is a reliable and inexpensive means of submitting filings that is proven to be a less costly and more efficient method of filing product rates and forms for both the insurance industry and the Department.

Accomplishments

Insurance Department and Industry Protecting Policyholder Information

The Department and all insurance companies that do business in the state of Ohio began new procedures to protect policyholders' personal information. Insurance companies are now required to report any loss of policyholder information within their possession to the Department within 15 days of the discovery that the information has been lost or stolen. These new procedures will help the Department and insurance companies work together to assure information is safeguarded in the best possible manner and, in the unlikely event of release, all efforts will be made to limit any harm.
